## Rag dolls have heart

### ...lotsa heart

THE BELLES OF THE HEART BALL Saturday night at the Belle Glade Elks Lodge were "Raggedy Ann and Raggedy Andy", who welcomed people at the door. Raggedy Ann was really Patty Perez and Raggedy Andy was Anna Trammell. On the other hand the rag dolls hung from the ceiling were the work of Kay Phillips. Ball Chairman Lynette Thompson said the ball was a huge success. Staff Photo

## CAMP closes doors...again

BELLE GLADE—The local Community Action Migrant Program (CAMP) regional office was one of seven regional offices to officially close its doors Monday morning, two months after the first announcement came of CAMP's death.

CAMP Executive Director Clark Black said in an interview Tuesday the agency would continue to provide some services in the Glades area but the Manpower program and the supportive services in the Glades area but the Manpower program and the supportive services in the regional office, paid for by the U.S. Department of Labor, ended the last day of February.

Black, who opened the Belle Glade office in 1965 as regional coordinator and later worked his way up to CAMP's top paid position, said services which will remain available will be the alcohol rehabilitation program in South Bay; the three headstart centers at Lake Harbor, Okeechobee Center and Fremd Village; emergency

food assistance, which will largely consist of a referral service; and operation for the aged and one for youth.

Black said a total of nine staff members at the Belle Glade offices were laid off due to the closing. He said 80 more staff members were laid in the closing of the regional offices in Bartow, Immokalee, Boynton Beach, Pompano Beach, Indiantown and Leesburg, and thousands of participants are affected.

The first announcement that the CAMP regional offices were closing came on Dec. 31, 1976, when Black announced the last day of the year would also be the last day for the offices and their personnel.

All but one of the offices remained open, however, with the personnel volunteering their time with the understanding that if CAMP received funds they would be paid.

Black was able to transfer funds and the six remaining offices remained open and in business

through January and February, resembling a man who continues working two months after his death certificate is signed.

The closing came as a result of the refusal of the U.S. Department of Labor to refund its share of CAMP operations, citing two audits which indicated mismanagement of a large amount of funds. CAMP is disputing the claim and a Washington firm of attorneys has been retained to fight the ruling in court. Black still maintains the USDL has never given CAMP a hearing and said the matter will probably be taken to court by April or May.

Senator Chiles is still requesting this case be given a hearing," Black said, "but the Department of Labor doesn't seem to be responding."

In the meantime, he said, CAMP will continue operating its other programs in the area with funds received from the Department of Health, Education and Welfare and the Division of Community Services.

### cleared by grand jury

## Wrisper reinstated

SOUTH BAY—Police Chief Willie Wrisper, Jr., was cleared of the Feb. 11 shooting of Ulysses (Deacon) Johnson by the Grand Jury Tuesday and was reinstated in his job that night by the City Commission.

The city commission learned about the grand jury verdict during the meeting when Assistant State's Attorney Eugene Berry made a presentation.

Berry said the jury returned a "no true bill" Tuesday morning. This means Chief Wrisper is cleared of any charges," he said. He went on to say Johnson, 23, of 135 S.W. Sixth Avenue, will be charged with disorderly intoxication and resisting arrest.

"This is the same procedure," Berry said, "which would take place if a Belle Glade officer or a sheriff's deputy or a Pahokee officer were involved in a shooting. Anytime a police officer west of 20 Mile Bend is involved in

a shooting, I'm called out and my office conducts an investigation."

He also told the commissioners Wrisper's investigation had been complete, "and this is no whitewash." He said Wrisper voluntarily appeared before the grand jury and testified twice.

Later in the meeting, the commissioners reinstated Wrisper and took steps to pay him for the time he had been on suspension since the day after the shooting.

Berry also introduced his assistant, Kerry Hampton, and offered to have Hampton assist the South Bay Police Department on a day-to-day advisory basis.

"There have been a lot of procedural changes," he said, "and we have been derelict in not giving you more aid. That's been because we haven't had the staff but we now have the staff."

The city commissioners all expressed gratitude to Berry for his report and said they would like to have Hampton's assistance.

In another matter, the commissioners directed City Finance Director A.R. Grigsby to set up a meeting Wednesday night with the city engineers so the commission could get a look at plans for the proposed city hall and to advertise for bids to sell

the present city hall.

Mayor Don Tanner said following a report by Grigsby that the engineers anticipate advertising for bids on the contract to build the city hall that he wants to see the plans before they go to bids.

"I talked about building the city hall on the south side of the park," Tanner said, "and now the plans call for building it on the north side. It's this kind of change I don't like being thrown at us without any warning or explanation."

Commissioner Woodrow "Woody" O'Neal said at one point he refused to become involved in either the sale of the present city hall or the construction of a new one.

He later moved the city advertise for bids to sell the current city building instead of putting it on the market through a broker.

In still another piece of business, the commissioners decided to try to come up with the names for a standing recreational committee suggested by Thomas

page 7

## City delays garbage action

BELLE GLADE—The City Commission postponed any action on a demand by South Florida Sanitation, Inc. to allow the company to pick up garbage in the Arrowhead Estates area until a workshop session set for Monday night.

The matter has been addressed by the commission for several weeks and the latest action was a report by City Clerk June Boglioli on the annexations since 1972, when the sanitation company received a franchise from the county commission with rights to continue service even after the area was annexed by any city.

City Attorney John Baker said he is philosophically opposed to the move but he believes the company has a legal right to continue service.

"There's one interesting thing in there," Baker said of the list of annexed properties; however, "The city sanitary landfill is included. I wonder if South Florida Sanitation is going to haul off our garbage?"

Baker went on to say, however, he feels the city can work out a compromise on areas the city wants to continue to service and areas the company may not want to serve.

City Commissioner Aubrey Farmer said he's against a compromise however and Commissioner Tom

Altman repeated his stance that the commission ought to fight the matter all the way, despite Baker's conclusion the city has little chance of winning a lawsuit.

In other action, the commission:

Named Commissioner Farmer to replace City Manager Robert Sanders on the policy advisory committee studying the plan by the Palm Beach County Solid Waste Authority to dispose of solid waste in the Glades.

The move came at the suggestion of Authority Director Timothy Hunt, who said the committee should be made up of elected officials rather than appointed officials.

It left Belle Glade with a decided edge in policy makeup since City Commissioner Kenneth Harris, who is also a member of the Authority, represents the Authority on the policy committee.

Commissioner Bill Bailey, a former Belle Glade City Commissioner, represents the county commission on the committee. Pahokee Councilman J. Ray Hatton represents Pahokee. South Bay is now represented by Public Works Director Lonnie Harrelle and although Hunt said he mailed a similar request to South Bay, the commission hasn't discussed it yet.

Tightened zoning restrictions on

Southwest Third Street between Southwest Avenue E and Southwest Avenue F from R-2 to R-1, single family residences.

### Former resident hunts director

## FBI's 'most wanted' is her quarry

BELLE GLADE—A former Belle Glade woman who two years ago became the first Democrat ever elected to the DuPage County, Ill. County Commission, is now helping select the next director of the Federal Bureau of Investigation.

Local residents watching the "Today" show Tuesday, Feb. 22 may have recognized Mrs. Mary Eleanor Kidder Wall when she helped explain how the nine-member civilian committee is finding a new director to replace Clarence Kelley.

Mrs. Wall is the daughter of Ralph Kidder of 149 S.E. Fifth St. and the sister of Belle Glade Veteran Clarence Kidder. Her son, David Wall, is an emergency medical technician employed by Glades-Hendry Ambulance Service who attends Palm Beach Junior College, Glades.

Her father said this week Mrs. Wall's husband, the Rev. James Wall, editor of Christian Century, is chairman of the Illinois Democratic Executive Committee and the Walls entertained Jimmy Carter during his campaign for the presidency.

Last week, she was in Carter's Oval Office in the White House with the other members of the committee (she is one of two committee members who aren't attorneys) in the first of a series of meetings to find a new FBI director. She was sitting beside Kelley in that meeting.

Kidder said his daughter has informed him she will be meeting with the committee at least three more times in Washington and the committee will probably be interviewing potential directors during the last meeting.

Kidder said he moved his family to Belle Glade in 1930 when his daughter was six months old. Mrs. Wall is a 1948 graduate of Belle Glade High School. She earned her bachelor's degree at Florida Southern University and a master's degree in religious education at Emory University in Atlanta.

She and her husband make their home in Elmhurst, Ill., a suburb of Chicago.

A lot has been written, spoken, and muttered about the U.S. Postal System and its shortcomings.

But there is another side to the coin.

A weekly newspaper has close ties with its local post office and a postmaster can make things pleasant or disagreeable for a publisher.

Belle Glade's postmaster, Kenneth Turner, has gone out of his way to help...and it certainly is appreciated.

Each post office has its own way of doing things...a system designed by that post office to speed the flow of the mail.

And when somebody throws a kink in the system, it doesn't help anybody out much.

Such was the case the first week I attempted to get the Herald in the mail. Not being familiar with the system, I proceeded to louse it up pretty well.

Kenneth sat down and explained to me what he wanted, even going so far as to have one of his able employees go through our circulation file to right some wrongs, and this past week, it flowed like clockwork.

One of our problem areas at the Herald is that our circulation has been allowed to "go to pot" and as a result, some subscribers who are on Route 2 have their papers going out in the Route 6 bundle.

When this happens, the papers leave the post office bright and early Thursday morning and those that are in the wrong route bundle have to come back to the post office Thursday afternoon to be put in the mail again Friday morning.

Thus, a delay results, but it's our fault, not the post office's.

We are attempting to locate and correct this situation as soon as possible but in the meantime, if you are receiving your paper late, please give us a call and we will try to expedite the delivery.

Another thing that is amazing to me about the post office is the way they can read illegible addresses.

For instance, my father writes once a week. And his handwriting is terrible. Worse, even, than mine.

I usually take a friendly pharmacist to decipher his code, though he is not a doctor.

But his letters reach my mailbox somehow.

And that works the other way as well...he's still getting my letters.

## FACTS & FIGURES

There are more than 100 colleges in Pennsylvania. There's more than in Italy and Spain combined!

To aid Pennsylvania business and industry, there is a state Department of Commerce Service called PennFAP—the business called 1,600 times last year for special information. Few of the questions went unanswered.

This service employs Penn State faculty members to fish out the answers from a library that has more than one billion pages of trade and scientific information!

# Opinion

NO LIMOUSINES..  
NO TV'S..NO FRILLS..  
WHAT DOES HE  
THINK WE ARE ?...  
PUBLIC SERVANTS?

## That's HAB-ilitate

Do we?

Do we really rehabilitate a man when we incarcerate him in prison for violating the naturalized, crystallized, written down, man-made law?

Judge Louis Weissing and Glades Correctional Institution inmate Steve Weeks agree on one point, if they never find another common ground. Judge Weissing said Saturday night it's futile to sentence a young offender to prison.

Steve Weeks said there's no way an inmate is going to be rehabilitated in prison and went on to say that if he were rehabilitated (returned to his former state), he would be

returned to society as an armed robber.

And they may be right.

There are only four valid reasons to sentence a lawbreaker to prison; to rehabilitate him, to punish him, to get him out of society's hair or to act as a deterrent to future criminal acts, his or those of someone else.

The movement over the past several years has been to give rehabilitation the priority of that listing...so much so that the Division of Corrections, which seemed to do very little correcting, has undergone a name change to the more euphonious Department of Offender Rehabilitation.

But there's a groundswell thought now that the name should be changed to DOH, the Department of Offender Habituation, since very few of the inmates seem to have been rehabilitated the first time around.

Because the recidivism (just a fancy term for return) rate is so high.

Because so many former armed robbers do become armed robbers again, because so many burglars do become burglars again, because so many lawbreakers do become lawbreakers again.

Because so many prisoners do become prisoners again. No wonder the process seems so futile to Judge Weissing.

He's right. Something is wrong. Well, Judge Weissing has an idea. We don't go along with the whole idea but we like the germ of it. He wants to set up a para-military training camp along the lines of Parris Island, except he'd teach the youthful inmates a trade and have them back in society in 90 days.

But why make the training para-military? Why not make it military and solve two problems at once? We can already hear the screams of Judge Weissing's social engineers and do-gooders but just such a plan is already working in South Korea. They call it the Tiger Division of Vietnam War fame, the most elite force in South Korea.

Judge Weissing's idea is built around building the offenders' body and discipline. Well, pride in one's accomplishments wouldn't be a bad thing to instill either.

Couple that with the fact this country's voluntary military service concept isn't working, and that's a flat, natural fact, and there's a solution to two problems at once.

Of course the idea would probably never get off the ground. The do-gooders and social scientists would never allow the concept to get a fair hearing. Besides, it's too practical.

Still, it's a time someone started thinking about giving society a break.

## Sweet help wanted

With 19 sugar-producing countries meeting this week in Cuba with the avowed purpose of finding some way of driving up the world market price on sugar, the recommendations of the task force set up last month by U.S. Secretary of Agriculture Bob Bergland take on even more importance.

While no one can know yet what the results of the meeting in Cuba might be, the possibilities underscore the importance of maintaining a solvent domestic sugar industry.

What this country doesn't need now is a continued dependence of the United States on any more commodities than necessary. We don't need a cartel of sugar producing nations, especially a cartel headed by Castro Cuba, setting worldwide sugar prices.

It's happened in coffee, which the nation can't produce, and it's happened in oil, which the United States produces but not in the quantity needed to feed the ravenous American industrial machines.

And with the demise of the sugar act in 1974, the death of the domestic sugar industry became a real possibility.

The chance of help from Bergland's task force is now in the offing and that's encouraging but even though a group of local sugar industrialists visited Washington Tuesday to be briefed on the findings of the task force, no one knows yet what the end result is going to be.

Debates on the nutritional value of sugar notwithstanding, there's no way a continued wide fluctuation in the price of sugar on the supermarket shelf and in industrial use can do anything but hurt the consumer as an individual and the economy as a whole.

## CRACKER CRUMBS

BY DEAN JONES

Ever wonder why manhole covers are round?

Well, before you go off somewhere muttering about that dingbat editor who asks stupid questions, there's a good logical reason.

With the lip they have, round manhole covers are the only kind that wouldn't fall down into a manhole. Think about it.

Any other shape, triangular, rectangular, square or any other weird form of plane geometry could be turned edge-wise and fall in the hole and considering the weight of manhole covers that could be a heckuva headache for any poor worker who happens to be down there.

So what? So why the billy blue-blazes can't they make covers for water meters, gas meters and other types of holes in the ground round?

Not that a water meter hole cover is all that heavy to lift back out of the hole and not that it'd hit anyone on the head if it fell inside.

Oh no, all it can do is cause someone to break their cotton-pickin' leg or whatever.

Not that it's happened to me... recently.

But I happened to notice the other day not one and not two but three water meter lids laying down inside the holes, where they wouldn't be if they'd been round.

There you go, Ron Simon, that's something you Public Works types can get your teeth into. Tell them blackmills to start forging us some round water meter lids.

I don't want to be shot because I fall in some fool water meter. How'd that look in the obit?

\*\*\*\*\*

Well, by gawdies, I thought I was the only one around here fool enough to ask those big-foolish when I'm drivin' a four-wheeler but here last week comes Alton, the Truckbuster or Fireball, as she's known these days.

Besides, I did have the excuse my brakes faded when I chafed up my first smel.

Not Fireball Henry! Huh. She's got brass enough she just pulls out around that 18 wheeler foghorn Blomley 307, shifts that sucker into reverse and backs into him. Least that's the word I got.

She might say something different. Wouldn't a been so bad if it hadn't been on press day for the Shield. Matter of fact, the word I've always had was the only person who could excuse an editor on press day was his friendly neighborhood undertaker.

And then the corpse, not-a-delectable better not be less than three days old or he'd better have all his copy filed and lay-out dummies made up.

That's the word I got when I started working for this disorganization.

And just having the car you happen to be riding in wadded up like a piece of scrap and spit off the road with you still in it seems like a dog-eared poor excuse to take a vacation in the local hospital, even if you are rattled around like a bean in a beer can while all that's going on.

Makes a person wonder what they're teaching in Dedication 301 at the Journalism schools these days.

## TRIVIA

Child injuries

A recent study found that unrestrained children in the front seat of a car are at least a hundred times more likely to be injured in a crash than if they are restrained and in the back seat, and are most likely to be injured if unrestrained and in the front seat.

TV time

Census data indicates that 96 per cent of American homes have at least one television set. The average elementary school child spends about 21 hours a week sitting in front of the television set.

## Voice from the Wilderness

By Andy Campanaro

President Jimmy Carter sent a short letter to Soviet dissident Andrei Sakharov last month noting his administration's concern for human rights and which commits this country (that is you and I) to "promote respect for human rights not only in our own country but also abroad."

On the surface-fine and well, President Carter. But if this small paragraph from Belle Glade, Florida can make an observation: Adolf Hitler in 1936-1939 felt compelled to take an active interest in the fate of German peoples in Czechoslovakia, Austria, Hungary and Poland. By 1940, he had simply either Anschlussed or taken these countries, thereby positively guaranteeing the German peoples rights in those areas.

What the lessons of Hitler and his kind, nations have understandably viewed with alarm any national president, king or other

recognized leader's expressions of possible interference in another country's affairs.

Surely, we would be concerned if Premier Khrushchev had written Martin Luther King in the early

1960's with the same message. Many of us would wonder when the good Russians would start bombarding Dixie's shores with their bombs in order to promote better "race relations" here.

Why then, do we think we can take a stance in Russia's internal affairs? The means are fine, Jimmy, but the end result may not help either the SALT talks or the easing of tensions between the mighty Red bear and ourselves, and, as far as the USSR is concerned, for once they are right.

Neither Andy Campanaro nor Jimmy Carter has any right poking our noses into the Russian sphere.

\*\*\*\*\*

Leslie Van Houten now says her connections with the imprisoned (hopefully for life) Charles Manson are over and she wants to lead a normal life.

Extensive reading on the Manson case will demonstrate that Van

Houten really wasn't the "typical" Manson girl. Her intelligence was far beyond most of the others. Where she was typical was in the response to open sex, usage of drugs (especially LSD) and belief in Manson's Godhood.

But who's responsible for Van Houten's turning to Manson? Who's responsible for the thousands of drifting kids, aged eight to 18, sleeping with rock bands and hopping from urban center to urban center?

Not the schools, alone. Not the government, alone. But the family. It is said in old Italian households: "If a man deserts his children and leaves his aging parents without bread, he should die the death of a thousand knives."

We punished the children in Manson's case, but, dear reader, where were their parents? And what punishment did they receive? Except for brain damaged persons, I say there is no such thing as an

incorrigible child, modern psychiatry to the contrary, but incorrigible parents.

## Glades track team wins first two meets

BELLE GLADE—The Glades Central track team won its first two meets going away, taking the first on a one-to-one contest, with Pahokee and the second in a four way invitational meet in which the Raiders hosted the Blue Devils, Lake Worth and North Shore.

In the two-way match with Pahokee on Feb. 17, Glades Central outscored the Blue Devils 65-49, building a lead in the shotput and discus Pahokee was never able to overcome.

In the shotput, the Raiders swept the first, second and third places with Fitzpatrick throwing 48 feet, 8 1/2 inches, followed by Freeman and Jones.

Fitzpatrick and Henderson led the field in the discus throw, with Fitzpatrick winning with a 130'7" heave. Jackson of Pahokee took third place.

Pahokee swept the long jump with Jones leading the way with a 20'9 1/2" leap, followed by Byrd and Osborne.

In the 100 yard dash, Love of Pahokee led the field with a 10.0 second sprint, followed by Moreland and Martin of Glades Central.

Wilson of the Raiders led the mile run with a time of 5:04, followed by Pinkney of Pahokee and O'Neal of Glades Central.

The Pahokee team, made up of Osborne, Jackson, Pittman and Love the 880 yard relay with a time of 1:33.6.

The 440 yard dash time was 54.6 set by Nelson of Pahokee, followed by Scott of Glades Central, Petican of Pahokee.

The Raiders came in one, two, three in the 330 yard low hurdles, with Bradley setting the pace at 44 seconds. He was followed by Russell and Silvers.

Pahokee's Folston took the 880 yard run in 2:07.7, followed by Lovely and Bretonen, both of Glades Central.

The Pahokee team of Byrd, Love, Pittman and Butler won the sprint medley relay with a time of 2:02.

Pahokee's Jackson won the 220 dash in 22.8, followed by Walker and Scott of Glades Central.

Glades Central's Wilson won the two-mile run in 10:55.7, followed by O'Neal of Glades Central and Henderson of Pahokee.

Bradley, Andrews, W. Johnson and A. Johnson won the mile relay for the Raiders in 3:47.7.

In the Saturday meet, Glades

Central won with 81 1/4 points, compared to 72 for Pahokee, 36 1/4 for Lake Worth and 17 for North Shore.

The Raiders won first and second place again in the shotput with a heave of 48 feet, followed by Mosley of North Shore.

Henderson won the discus throw for Glades Central with a toss of 114'5", followed by Jackson of Pahokee and Fitzpatrick for the Raiders.

Knowles won the high jump for the Raiders with a leap of 5'11" while Collier of Glades Central and Agnirknon of Lake Worth took second and third.

Pahokee took first and second place in the long jump with Jones clearing 21'9", followed by team mate Osborne and Knowles of Glades Central.

Ge of North Shore won the 120 yard high hurdles in 15.9, followed by Hines and Jackson, both of Pahokee.

Pahokee's Love won the 100 yard dash with a time of 9.7 seconds, while Sims of Lake Worth and Pittman of Pahokee followed in second and third places.

Lenz of Lake Worth won the mile run in 4:44. Godfrey of North Shore and Wilson of Glades Central came in second and third.

Pahokee (Osborne, Jackson, Pittman and Love) won the 880 relay in 1:32.3, followed by Glades Central.

The 440 yard dash was won by Nelson of Pahokee in 54.3 seconds. Scott of Glades Central was second and Shull of Lake Worth was third.

Bradley won the 330 yard low hurdles in 39.3 seconds, followed by Russell of Glades Central and Hines of Pahokee.

The 880 yard run was won by Folston of Pahokee in 2:06.0 with Bretonen of Glades Central and Hurlbut of Lake Worth coming in second and third.

Pahokee won both the sprint medley relay and the mile relay with Glades Central taking the second place slot.

Jackson won the 220 dash for Pahokee in 22.9, while Johnson and Walker, both of Glades Central, won second and third.

Lenz of Lake Worth won first place in the two-mile run in 10:19 and Wilson of Glades Central and Godfrey of North Shore won second and third places.

PAHOKEE HIGH SCHOOL Principal Jack Redding, left, and Coach Eddie Rhodes hold the District 14 AA basketball trophy that Pahokee won Saturday night. Staff Photo

## Raiders win, lose in cage action

BELLE GLADE—Glades Central's roundball Raiders beat a surprisingly tough Jupiter Saturday to win the District 13 Class AAA Championship but the Suncoast Chargers doubled the Raiders' scoring effort in the second period Tuesday and ran away with the Region 7 championship, 74-59.

The Chargers carried a slim two-point lead into the second quarter but picked up 18 points before leaving the court for the half while holding the Raiders to nine points in the same period.

Glades Central outscored the Suncoast only in the last period but gave up another six-point edge in the third quarter.

Raider Coach Jay Seider said the Chargers, who had won in two previous outings against Glades Central this year by 15 and two points, were working better as a team Tuesday than in either of the regular season games.

Anthony Carter and Bennie Goldwire proved to be the backbone of the Charger offense, picking up 54 of Suncoast's points between them. The Chargers will face Pompano Beach Ely in a sectional game Saturday night, with the winner advancing to the state championship games in Lakeland.

Jessie Haynes and Barney Mason led the Glades Central scoring effort with 14 points each. Alonzo Perkins was the only other Raider scoring in double digits, picking up 10 points.

Rufus Chambers made eight points, Michael Staples picked up seven, and Harvey McGriff made six to end the Raider scoring.

In the District 13 playoff Saturday, the Raiders were trailing Jupiter by eight points at the half, "but we came out and played a lot better defense in the second half and only allowed them 13 points," Seider said.

"We had to go with the small players in the first half when Barney, Jessie and Rufus got into foul trouble and had to go to the bench," Seider said. He commented that Mason later fouled out and Chambers, Haynes and Perkins

ended the game with four fouls each.

"They just ate us up on the boards in the second quarter," Seider said.

Harvey McGriff and Chambers led the scoring for the Raiders with 12 points each. Chambers also made ten rebounds while McGriff picked the ball off the boards seven times. Jaynes was the only other two-digit scorer with ten points and five rebounds.

Perkins scored seven points and made five rebounds while Mason made five and five, Ollie Sheppard made five and two, and Michael Staples and Melvin Weston made two points and one rebound each.

## Both bass and specks bite in Okeechobee

By Nan Corbin

Fishermen in the Belle Glade area enjoyed a weekend of good fishing in both bass and speck categories.

The success story of the week came in on Saturday when Michael Lockwood of Margate, using a cane pole and white speck jig, landed two bass with one of them weighing 10 1/2 pounds. We don't know how many specks Michael took.

Ted and Ann Adams and Kim and Gena Sapp from Ft. Lauderdale used plastic worms on Saturday to take a total of 12 bass. 13-year-old Kim Sapp reported the best luck in this party with an 8 pound, 2 ounce and a 6 pound, 10 ounce catch.

Jack Stanley, West Palm Beach, and Kenny McIntosh, Pahokee, fished together on Saturday and reported their limits of bass with Kenny getting an 8 pounder using spoons.

Fl. Lauderdale fisherman, Butch Meisenheimer, reported his limit of bass on Saturday.

Jerry Baty, Lebanon, Tenn., took 7 bass on Sunday with his largest going 8 pounds, 9 ounces.

Felton Morris, Punta Gorda, reported his limit of specks on Wednesday, using live bait.

9-year-old Warren McMillan of Belle Glade outfished his dad and grandfather on Saturday night with his almost limit catch of 49 specks using live bait.

Mr. and Mrs. Earl Hogancamp of Hazel Park, Mich. used live bait on Wednesday to take 34 specks. South Carolina fisherman Doc Hinton reported a catch of 49 specks on Saturday.

Raymond Alston, Jr. and Dalton Davis of Belle Glade reported their limits of specks on Saturday using live bait.

Ralph Morey of South Bay took 36 specks on Saturday.

Paul and Mary Hart of Belle Glade used live bait to take 48 specks, one pike and one bass in two hours fishing on Saturday afternoon.

Winners in the Ellie Martin Bass Tournament in the Belle Glade area on Sunday were Dan and Troy Weekley with 59 pounds, 3 ounces.

Second place went to Gary Sanders and John Davis with 54 pounds, 7 ounces. In third place were Bill Cantrell and Don Herbst with 48 pounds, one ounce. Tom Burns and Jim Barrette took fourth place with 48 pounds. Fifth place winners were Steve Naas and George Galvin with 46 pounds, one ounce.

The Lunker award went to George Galvin for his 11 pound, 8 ounce catch.

## Boat classes scheduled for area

BELLE GLADE—A series of three basic boating classes will be given in the Glades Central High School main library by Coast Guard Auxiliary Flotilla 55, based in Belle Glade.

Flotilla member Don Aspey said the six hour course will be broken up into three classes, each lasting two hours and taking place Mar. 7, 14 and 21 at 7:30 p.m.

Aspey said the classes will be taught by officers and personnel of the flotilla and will include safety, equipment to be carried in boats, and some charting and boat handling.

Aspey said there still be a nominal fee for material.

# Coach says Blue Devils need more experience

**PAHOKEE**—Lack of experience is probably the reason for the Pahokee High School baseball team's record of five losses and no wins. But "it could be worse," Coach Sam Jones said. "We've been within three or four runs in every game so they really aren't playing that bad considering their inexperience." Jones also said that the teams Pahokee, a class 2A school, is playing have all been 3A schools, with one exception at Clewiston. So Pahokee is playing schools larger than itself. "It is a young, new baseball team. We only have two players who have ever played high school baseball," Jones said. They are

Tony Royal and Leroy Jackson, a major college prospect who has also attracted the attention of the pros. "A man from the Boston Red Sox was at Tuesday's game looking at him (Jackson)," Jones said.

The team is young and so is their coach, this being Jones' first year of coaching baseball at Pahokee High. The team is composed of four seniors, four juniors, three sophomores and two freshmen.

Pahokee played three games last week, losing Tuesday to John I. Leonard, 6-2, Friday to Clewiston 10-6 and to Ft. Pierce Central Saturday, 5-3.

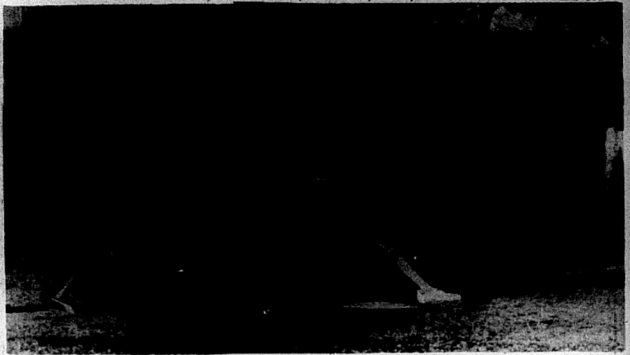

Pahokee scored two runs on five hits against John I. Leonard and made three errors.

In the game against Clewiston, Pahokee gave up seven unearned runs, got six runs on four hits and made seven errors. Pitcher Carlton Boone gave up three earned runs, struck out five and walked four. Everett Pittman led the team against Clewiston, scoring one for two runs, three stolen bases and three runs batted in.

In the Ft. Pierce Central game, Pahokee had three runs on seven hits and made four errors.

"If we cut down on errors and unearned runs, we'll start winning some games, but until then, we won't win any," Jones said. "A good high school baseball team should not make more than one error per game," he said.

For the first five baseball games played, Pahokee has made 21 errors, scored 15 runs and given up 33 runs (15 earned and 18 unearned). Pahokee High's leading hitter after five games is Darrel Douglas with a .333 batting average. Douglas is also leading in total bases, earning 10 out of 12 hits.

**PAHOKEE'S LARRY WILEY (5)** tips the pitch in Pahokee High's baseball game against John I. Leonard.

## Search continuing for robbery suspects

**LAKE HARBOR**—Sheriff's deputies were still looking this week for two black men who robbed the Miami Locks Commissary operated here by U.S. Sugar Corp. of Clewiston last Tuesday.

According to Merle Avis Wilkins, 61, of Clewiston, who was on duty at the time of the robbery, one of the men entered the store, jumped the counter and demanded she open the cash register.

When she opened the register, the man grabbed all the bills and told her to put the coins in a paper bag, along with the checks in the drawer. Mrs. Wilkins dissuaded the "thief from taking the checks because she said he couldn't cash them."

On his way out of the store, according to Sheriff's deputy J. Blakney, the man grabbed an entire display case containing 24 watches, ran outside, and joined a companion waiting in a van.

The deputies later found a 1976 Ford van abandoned in a cane field near Miami Locks. The van contained a quantity of rimex

watches on the floorboard. The van was later confiscated by the deputies.

## Two are charged in Woodham's break-in

**BELLE GLADE**—Two men were arrested and another turned himself in to Belle Glade police last week in the Thursday evening burglary of Woodham's Market at 1638 E. Canal St. South.

Charged that same night with burglary and grand larceny were Tyrone Smith, 20, of 417 S.W. Ninth St. and Terry Lee Gilmore, 18, of 725 S.W. Ave. O Place, according to Lt. George Farnall. Farnall said the

arrests were made by Sgts. Leroy Carrigan and Larry Thompson and Patrolman Ron Shunk.

Farnall said Willie K. Thomas, 19, address unknown, turned himself in to the police department the next day and he was also charged with burglary and grand larceny.

Taken from the market were foodstuffs and radios, along with other general merchandise, Farnall said.

## Blue Devils

CONT.

most rebounds, 18. Other high scorers were John Pringle and Ricky Jackson, both with 15 points and Ronnie Rainey with 12. Pahokee held on to another immediate lead with the final score being 65-54. LaBelle's Curtis Glasper was their strong player but he fouled out late in the third quarter.

Pahokee is now preparing for Saturday night's sectional game, in hope of continuing on to win the state title.

## Park

CONT.

tenance of the park), Councilman A.J. Gamot interjected. Brisson then offered Adley's assistance in working with the council to try to get money from Community Development for the park project.

## Retain Quality

If you keep canned fruits in a place no warmer than 78 degrees Fahrenheit, they will usually retain their quality for a year or more.

## Chalaza

That thick, white cord-like material located on opposite sides of the yolk is called the chalaza and is a normal part of the egg. It holds the yolk in place in the white.

**SCIENCE FAIR JUDGE** Dr. George White receives an explanation on an air conditioning project which is one of 60-odd projects displayed this week at Glades Central High School. The winners were divided into junior

and senior divisions in physical science and biological science categories. The winners will go on to the fair due to be held later this month at the Palm Beach Mall.

## Science fair winners told

Glades Central Principal Effie Gear announced the winners of the Science fair for junior and senior divisions this week.

In the Biological Science section, first place winner for the junior division was Robert Smith, sixth grade, East Lake School, who won "29 Damaging Organisms."

Second place winner was Steven Burrowes, seventh grade at Lakeshore Middle School, whose display was "How Litter Can Be Stopped at Lakeshore Middle School."

Third place in the junior division was Ricky Lammons, sixth grade at East Lake Middle School, whose display was titled: "Ice-Age Mammals of Florida."

In the senior division of biological science competition, first place went to Janice Brown, tenth grade at Glades Central, whose display was on heart transfers. Second and third places, respec-

tively, went to Julie Pate for her "hypertension display and Teketa Lockett, whose display was on 'The Ear and How it Works.'" Both Pate and Lockett are from Glades Central.

In the physical sciences sector, junior division first, second and third places were taken by (1) Kenneth Oyster, morse code, sixth grade, East Lake Middle School; (2) Thomas Lockett, eighth grade, Lakeshore Middle School, "How Telegraphs Work"; and (3) Luis Hernandez, sixth grade, Lakeshore Elementary, on DC motors.

In the senior division, first place was garnered by Rodney Bickel, sophomore at Glades Central, for his entry on photography; second place was Mary Moore, ninth grade, for "The Sun: An Unending Source of Energy;" and third place was taken by Helen Johnson, tenth grade, for her display of "How Sugar is 'Made.'"

## Pay increase discussed for authority employees

**PAHOKEE**—Employees of the Pahokee Housing Authority may receive a 6 to 8% raise in salary, if approved at the monthly board of commissioners meeting.

Commissioners Israel Cooper and Miner Collins were in favor of an increase but could not come to an agreement on the percentage. Chairman Walter Stephens, however, told the two commissioners present "I'm not in favor of any increase in pay. I think we should hold the salaries as they are at the present time, but increase other benefits, like hospital insurance, to take the place of salary increases." Also considered was an increase in retirement.

The commissioners and Acting Director Mary Ellen Van Winkle discussed a 10% raise that as automatically given to all employees last year, whether individuals deserved the raise or not. Cooper stated that he was in favor of a raise but felt that 10% was too high. Therefore, he suggested a

6% pay raise and Collins could not convince him to agree to an 8% raise.

"I want to keep the people satisfied if we can afford it," Cooper said. He was in favor of a 6% raise across the board because "you'll create friction if you give one man a raise, but not another."

However, he agreed with Stephens that, if an employee is not doing his job, he should be fired. Both Stephens and Cooper, employees of the Palm Beach County School Board, were considering school board salaries in stating their opinions of any increases in pay for the Authority employees. "They're in line with the school board," Stephens said, while Cooper stated, "I've been working with the school for 12 years and I only get a 5% raise. I think 10% (for the Authority) is too much."

For this month's meeting of the board of commissioners, Miss Van Winkle will draw up the budget in completed form, including a salary

range of between six and eight percent, for the board's speculation and approval. The raise will actually be a tentative raise until the Department of Housing and Urban Development (HUD) replies to their application for funds.

The Housing Authority, according to calculations by Van Winkle, will need and thus ask for from H.U.D., \$184,000 to compensate for the difference in income of the Authority and expenses to be paid. "We're anticipating for the year 1978, \$433,000 in income. Of course, that's only an estimate," she said.

During the budget meeting, commissioner Cooper told those present that "I would like to apologize to the board for my rash action at the last board meeting." It was that meeting in which Cooper and P.H.A. tenants argued over his position on the board as tenant representative.

# Gulf & Western buys Glades Sugar Growers Cooperative in Moore Haven

The stockholders of the Glades County Sugar Growers Cooperative Association of Moore Haven voted Friday afternoon to sell the Moore Haven Sugar House and the refinery.

Negotiations had been underway for several weeks by the Glades Cooperative officers and representatives of Gulf & Western Food Products Company of Vero Beach and the formal signing of the contract was jointly announced this week. While the contract is for the purchase of the mill and refinery specifically, it also provides for processing sugar cane produced by the stockholders of the cooperative, and Miguel A. Rubio, executive vice president of Gulf & Western Food

Products Company, have both expressed the thought that the move would have a positive influence upon the Glades sugar area, as well as permitting farmers in the cooperative to expand their cane production. Rubio stated that Gulf & Western was continuing its efforts to encourage new farmers to produce sugar cane.

Gulf & Western is headquartered in Vero Beach. It owns the Okeelanta Sugar Mill, has major citrus holdings in Indian River County, raises cattle and produces vegetables.

The Glades County Sugar Cooperative Association was formed in 1961 to enable its grower owners to process and sell sugar cane grown by them. At one time the membership

exceeded 50, however the current membership is 35 who produce sugar cane in Glades, Hendry and Palm Beach counties.

The cooperative has been plagued financially for most of its life. While there are still a number of details to be worked out, the general feeling is that the sale allows the grower members relief from their burdened indebtedness and in the long run will benefit the area economy.

Operational plans have not been announced by Gulf & Western.

## Glades Day netters whip Tigers

Glades Day School's girls tennis team broke a four match losing streak to Clewiston and did it in convincing style blanking the CHS girls 7-0 Wednesday on the winner's courts. The Tiger boys dropped a 5-2 decision to the Gator boys.

Glades Day hadn't defeated the CHS girls in two years, but had little trouble in winning the five singles and two doubles matches.

"They were definitely getting us back for those past defeats," said Coach Joe Brockinton. "There was no doubt Glades Day wanted to win all the matches. Erin Baker played real well." Baker, playing number two singles, lost to Terry Cranford 8-5.

Here are the other results from the girl's match.

Beau Wigley, (GD) d. Carol Vaughn, (C) 8-4; Denise Hooker, (GD) d. Betsy Sotillo, (C) 8-3; Monica Hooker, (GD) d. Consuelo Irimia, (C) 8-0; Mary Fowler, (GD) d. Michelle Perry, (C) 8-1.

Number one doubles, Wigley- M. Hooker, (GD) d. Vaughn-Baker, (C) 8-5; number two doubles, Cranford-D. Hooker, (GD) d. Sotillo-Irimia, (C) 8-0.

## Jones is an engineer

M. Franklyn Jones, of Clewiston, three-time chairman of the Canal Hazardous Safety Committee, has been notified that he has successfully completed the requirements, passed the state examination and been accepted as a member in the national Civil Engineering Society as a professional engineer.

Jones graduated from the University of Florida, College of Engineering, Gainesville with a B.S. degree in Agricultural Engineering in 1965. He was employed in the Agricultural Engineering Department from April 1964 to December 1964 when he transferred to the Engineering Department where he is currently assigned.

Jones field internship experience has included design of drainage and irrigation systems, cattle pens, drainage pumping stations, railroad expansion system, plans for paving streets in villages, water distribution systems for villages, project estimates, obtaining quotes for project materials, ordering project materials, and preparing applications for drainage district projects.

DEPARTING LIBRARIAN Leslie Strickland receives a certificate of appreciation from Dr. Effie Grear and Dr. Robert Allen on behalf of the Beautification Committee. The certificate

## Bicentennial Committee to find suitable use for surplus money

BELLE GLADE—Members of the Belle Glade Bicentennial Committee decided they had achieved most of the goals they set when the committee was organized in April of 1975 but decided not to dissolve the corporation until they find some acceptable way of disposing of the bank balance.

With a balance of \$16,453.42 left in four separate funds, after paying for the 1928 Hurricane Memorial statue and the construction and initial furnishing of the Lawrence Will Museum, the committee members decided they wanted to make sure those funds are spent on nothing but the museum.

The problem the members faced in their first meeting since August was how to get that assurance.

The members finally appointed a committee made up of Committee Chairman Dolly Hand, Finance Director Ruth Wedgworth and Vice Chairman Donald Flier to meet with Belle Glade City Manager Robert Sanders and City Attorney John Baker to find a solution.

Three of the possible solutions suggested were to put the matter in the hands of the Belle Glade Library Board, maintain the corporation to keep an eye on the funds or to set up a trust of certain members of the committee to oversee the funds.

The members also were read resolutions of the city commission by Mrs. Hand that the city had formally accepted the Lawrence Will Museum and agreed to maintain it as a city building and that the city has expanded the Library Board's duties to acting as an advisory committee where the museum is concerned.

Mrs. Hand read another resolution by the city committee commending librarian Leslie Strickland, who is leaving the city to accept the librarian position in Monroe County. For her work as a librarian and on the bicentennial committee, Mrs. Strickland was also presented a plaque by the beautification committee members Dr. Robert Allen and Dr. Effie

Grear.

In other business, the committee:

Was told by Mrs. Strickland that Lawrence Will has donated to the museum a folio of four copies of portraits of Seminole Indians done by Jim Hutchinson of Sewell's Point. The portraits are

of Osceola, Billy Bowlegs II, Alligator and Wildcat.

Was informed that the Smithsonian Institution had written letters to produce clean water and to eliminate the pollutants in one mutually beneficial operation.

The Smithsonian did some excavation during the 1930's at the Indian Mounds.

## Previews of Progress shown to local students

BELLE GLADE—"The world we live in today is merely a stepping stone to tomorrow, with countless challenging questions left for scientists and engineers to answer."

That message of opportunity was presented to local students when General Motors national assembly program, Previews and Progress, appeared at Glades Central High School and Lakeshore Junior High School on Tuesday, March 1.

The non-commercial show seeks to encourage more student interest in science, engineering, and related vocational careers. It was presented live and in non-technical language by General Motors lecturers.

A highlight of the 45 minute program was a unique laser projector demonstration. A laser beam was used to translate the sounds we hear into visual patterns of light which danced on a screen before the audience.

The GM representatives also explained how the energy of the sun can be converted into electricity by running a model of the Surveyor Lunar Roving Vehicle on solar cells. A 300-watt lamp, simulating the sun's rays, powered the Moon Rover across an undulating table top surface.

Students also saw two fastpaced demonstrations which illustrate recent developments toward solving water and air pollution problems. First, the lecturers showed progress being made to clean up water used in an

industrial process. They combined two common manufacturing pollutants to produce clean water and to eliminate the pollutants in one mutually beneficial operation.

The Previews team that appeared here is one of five two-man units now touring the country. Previews of Progress lecturers visit some 2,000 different schools annually with audiences ranging in size from groups of 100 to crowds of 6,000 or more. About one million students and adults will see Previews this year.

## WRISPER CONTINUED

Adams.

Adams suggested the committee be made up of seven members reflecting the makeup of the community. He said it should include three blacks, two whites, one Spanish speaking resident and one Jamaican for a racial distribution.

He suggested it should also include at least two women and one person over 65 years of age and one person under 20.

The purpose of the committee, Adams proposed, would be to advise the commission on recreational matters and regulate the city's recreational program and activities.

## Church holds student oratory

BELLE GLADE—A first-time event was recorded Sunday afternoon at Mt. Calvary Baptist Church when eight children participated in what is hoped was the first annual oratorical contest, according to the Pastor Leon Camel, Jr.

The children were placed into three categories according to ages with three winners being chosen from each of the first two categories and two from the third.

First prize in the first category went to Leona Camel for the poem, "Myself". Second prize went to Michelle Tyler for the poem, "Trees" and third prize went to Evelyn McClendon for "America the Beautiful".

First prize in the second category went to Willie Lawrence for "The Battle Hymn of the Republic". Second went to Jackie Ford for "The Prodigal Son" and third to Robert Vickers for "Annabelle Lee".

First prize in the third category went to Sharon Harrell for "I Am An American" and second prize went to Terresa Jones for "The Creation".

Dr. Effie Grear presented the awards and the judges were James Allen, Jr., Harma Miller, Mercedes

Robinson and Willard Taylor, Jr. Helping prepare the children were Robert Jones, Doris Harrell and Inez Bell.

"Maybe just maybe," Rev. Camel said, "this has started a new trend in the Belle Glade area. Maybe next year, it will not only be a single church effort but all churches in the area."

## Flea market is success

PAHOKEE—"It was a success," said Joy Busbee, of the flea market that was sponsored by the First United Methodist Church on Saturday from 9:00 a.m. until 3:00 p.m.

Mrs. Busbee and Judy Lane were in charge of the market, which will become an annual activity of the church.

The majority of sale items were donated by church members. They included clothes, cameras, appliances, dishes, luggage, a bed and a telescope (which one lady took home in a case for \$2). There were movie cameras selling for \$2 and \$5, among other bargains.

Large tables were stacked with

"Let us look forward," he said, "to making this new start be something that will continue to live and not die out. It gives encouragement, inspiration and the desire to make the life better."

Rev. Camel said the annual Youth Day comes up Sunday and invited the public to join in the day's activities

items that had been priced the night before. "There was more work involved than I thought there would be," Mrs. Busbee said. "We spent all Friday night pricing the items."

Profits from the sales will go to charitable causes, such as the missionaries and children's hunger fund.

In addition to the clothing and household goods, ladies from the church served hot dogs and cokes and also had a bake sale to generate more money for the worthy cause. Mrs. Mildred Ballard was in charge of the food sales.

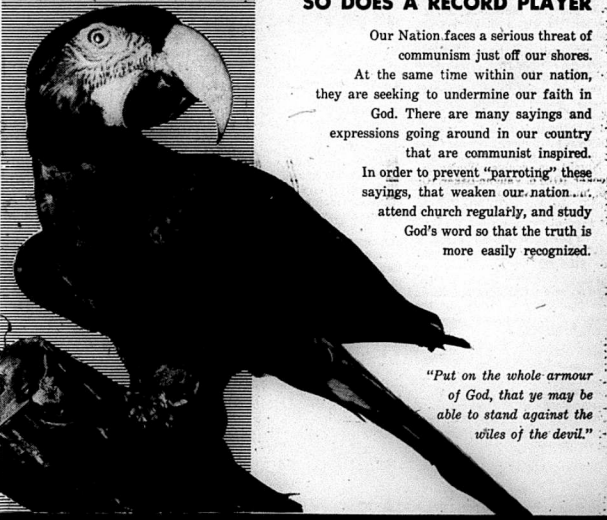

## PARROTS DO TALK... But!

### SO DOES A RECORD PLAYER

Our Nation faces a serious threat of communism just off our shores.

At the same time within our nation, they are seeking to undermine our faith in God. There are many sayings and expressions going around in our country that are communist inspired.

In order to prevent "parroting" these sayings, that weaken our nation, attend church regularly, and study God's word so that the truth is more easily recognized.

"Put on the whole armour of God, that ye may be able to stand against the wiles of the devil."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Pool comes down, pavillion to go up

PAHOKEE—Preliminary plans for the construction of a pavillion at the site of the present city pool, which is in the process of being demolished, were discussed Monday at a meeting of Ansel Jeffries, Jr., Director of Community Development Division and City Council members Wynona Cummings and Ray Hatten.

Also present at the meeting were County Commissioner Bill Bailey, Belle Glade Community Development Director George Gartner, Community Development Division associates Doug Dawson and Earl Mixon, City Clerk Betty McCoy and Building Inspector Phelix Sionaker.

From the \$80,000 allocated to the City of Pahokee through Community development funds, Hatten and Cummings agreed that the best route would be to allocate \$70,000 for the pavillion project and use the remaining \$10,000 toward the city's comprehensive plan.

Cummings said the pavillion will include a storage room, two sets of restrooms (one open to the public all the time, the other open only to special groups using the pavillion) and an enclosed kitchen area.

Also discussed at the meeting was the development of a park that will be located across from East Lake School. The council will soon be meeting with Recreational planners Adley and Associates to discuss park plans. But the city is in need of funds for the park.

The park will cost an estimated \$105,000 Hatten said, so "we'll ask for \$105,000 for acquisition and planning and hope to get \$60,000," Hatten said, after Jeffries offered the possibility of receiving the money from community development funds.

Jeffries also told the council members that he (Community Development) could do the engineering work but the municipalities are always given a choice. The clinching words, however, were that Community Development would pay any cost overruns if they were doing the work. "The city pays the cost overrun," Jeffries said, if the city or its contractors do the work. "We don't want to pay cost overrun," Hatten said.

A committee of Chairwoman Cummings and Councilman Norma Norman was set up to provide clear communication with Mr. Jeffries and for improving the design work of the pavillion plans and changes will be presented to

them initially with council approving the final design.

"If we want to shoot for the summer," Jeffries said, "we need to keep change orders to a minimum."

"In the first go around, we'll give you a concept...then we will present final plans for approval," Dawson said.

After the design work, Jeffries said, they will draw up bid specifications and get someone locally to do the work. "You'll save 25-30% by getting a local contractor," Hatten stated.

The committee of Cummings and Norman will meet with Mr. Jeffries Monday to pursue plans for the pavillion.

## Park plans are discussed

PAHOKEE—In a meeting with Adley Associates, Inc., consulting planners and economists, the city council discussed several phases of development of the city park.

When alerted to the facts of other ongoing recreational projects, William Brisson, project director for Adley Associates agreed with council that a city-wide recreational plan should be completed before progressing on the park plans.

J. Ray Hatten, councilman, recommended that Adley be hired as recreational consultants on a continuing basis, to provide assistance in recreational areas as needed. The council will vote on that designation at their next regular council meeting.

Brisson listed as the first step in

the park plans, local citizen input on the project, so that "our plans will reflect what local people want and need." "I want to see some citizen effort," Cummings said, referring especially to opinions on building the park at the particular location, across from East Lake School.

Brisson recommended that a community action council be formed. "A strong CAC can get more things done," he said.

Councilman Norma Norman stressed the management aspect of the park, with the need for a recreation director and security. "If we don't look at the longevity of it, we're not doing the citizens much good," Norman said. "This is non-profit, we have to depend on taxes, nothing else (for main).

THE CLASS AA REGIONAL BASKETBALL to right, B. Hopson, J. Burroughs, J. Smith, champions of Pahokee High School are left to R. Rainey, R. Jackson and D. Banks, C. right, kneeling, J. Burroughs, C. Banks, J. Biggs, and Coach Eddie Rhodes. Brown, R. Osborne, J. Pringle. Standing, left

## Candidates may qualify tomorrow for council seats

PAHOKEE—Registered voters of the City of Pahokee may begin qualifying to run for one of two city council seats tomorrow, March 4 at 8:30 a.m. in the City Hall. The vacant seats will be those now occupied by J. Ray Hatten and A.J. Gamot, who are completing their second year of the two-year term of office.

Candidates must file a \$10 qualifying fee and return a petition bearing 25 signatures to City Clerk Betty McCoy. The petitions will then be certified by Jackie Winchester, Supervisor of Elections.

The deadline for candidates to qualify is 5 p.m. on April 1st and the books will close for voter registration on March 18. Persons 18 years or older may register to vote at the City Hall or the Glades Office Building.

The polls will be open on election day, May 3, from 7 a.m. until 7 p.m. for registered voters.

## Blue Devils take regional title

PAHOKEE—The Blue Devil cagers clinched an 81-58 victory over Avon Park Tuesday night in Avon Park to win the title of Region 7 AA basketball champions.

Eight ranked Pahokee won the District title Saturday night after beating second ranked Class AA LaBelle, 65-54, entitling them to meet Avon Park for the Regional title.

With the regional win, Pahokee will proceed to a sectional championship game against Miami Belem Saturday night, the last game before the state playoffs. The site of the sectional game has not yet been determined but there is a strong possibility that it may be in Pahokee.

Joe Brown led the scoring for Pahokee against Avon Park with 20 points. James Burroughs followed with 17 points, Ronnie

Jackson scored 14 and Ronnie Rainey and John Pringle both scored 12 points each. Jackson also showed his defensive ability in capturing 22 rebounds.

Before reaching their regional opponent, Pahokee beat Immokalee and then LaBelle in the District Tournament, that was held last weekend in the Pahokee High School gym.

Pahokee whipped Immokalee, 90-60, in a fast-paced game, holding on to an early lead. Joe Brown was the high scorer for that game with 22 points. Ricky Jackson followed with 20 points. John Pringle scored 14 points and James Burroughs, Barlow Hopson and Ronnie Rainey all scored 10 points each.

James Burroughs led the scoring against LaBelle with 19 points and Ricky Rainey had the

EAST LAKE MIDDLE SCHOOL'S co-ed P.E. classes danced to the music in their student-teacher square-dancing activities.

To the left are Principal Gladys Rich and Daniel Bythwood, Human Relations Counselor or for the west area.

## Cane trailer hits car, injures one

PAHOKEE—The driver of a cane truck, John Williams, age 40, of 769 Eisenhower Dr. in Pahokee and the driver of a Ford Pinto, Rufus Ward, age 28, of 696 S.W. 5th St. in Belle Glade, were involved in a traffic accident that occurred Monday at 6:55 a.m. on S.R. 1717, 1.4 miles east of Pahokee.

According to Florida Highway Patrol Trooper H.C. Murphy, the accident occurred when the cane trailer broke loose from the cab of the truck as the vehicle was traveling westbound on SR 1717. The trailer crossed the center line and struck the car driven by Ward, which was headed eastbound.

Ward was transferred to Good Samaritan Hospital in West Palm Beach where he was treated for a broken leg, broken arm and lacerations. Williams received no injuries.

Damages to the cane trailer totaled \$100 and the the Fort Pinto, \$1,000. Trooper Murphy said. No charges were made in the accident.

Marjorie Laks, left, and Joanne Herick, right, were the second and first place winners, respectively, for the Pahokee area of the Okeechobee Waterway Association Art contest. Mrs. Herick's first prize painting is in the background.

## Joanne Herick takes first in art show

PAHOKEE—Joanne Herick received a blue ribbon for her painting "Fishing Off the Pier" in this year's first annual Okeechobee Waterway Association Art Contest. Mrs. Herick's painting will be entered in the Waterway Association's Annual Art Contest to be held in Fort Myers on March 8.

Second place honors were awarded to Marjorie Laks for her

painting "Pahokee Harbor". Third place honors went to Ruth Carpenter for her painting "Pahokee Harbor and Breakwater". Honorable Mention went to Nola Nagler.

All the local artist's works will continue to be on display in the Lulu V. York Memorial Library, Pahokee, until the winning entry of Mrs. Herick's will be taken to the Fort Myers Show.

## Swing your partner

PAHOKEE—A windy, spring-like day filled with dosey-doe music was the setting of East Lake Middle School's co-ed teacher and student outside square dancing activities last Thursday.

Mrs. Ruth Cunningham, physical education teacher at East Lake, is working with the students and teachers of the school. Last week was the culmination of a three week program of square dancing.

The students at every class invited anyone they wanted to attend the program at their scheduled class time. They wrote

their own invitations and delivered them." Mrs. Cunningham said. The students could invite anyone from the faculty or the administration or one of the aides. The students have participated in volleyball and soccer prior to square dancing, according to Mrs. Cunningham, and croquet and badminton will begin this week with softball following until the end of the year.

In compliance with Title nine, all P.E. classes are now coeducational but both a male and a female P.E. teacher are employed. Wilbur Mincy is the

male teacher at East Lake and both teach co-ed classes.

"I think it's great to get the boys and the girls together when they're young instead of separating the sections," said Principal Gladys Rich, who also participated in the dancing.

Both Mrs. Rich and Mrs. Cunningham agreed that there have been no problems with the co-ed system. "It's natural for them to come together," Mrs. Rich said. "If there are any arguments, they're usually between boys and boys, or girls and girls."

## Judge tells plan for first-time offenders

BELLE GLADE—A plan to get state prisoners being jailed for the first time into a para-military type of "basic training" and back out on the streets within 90 days received a standing ovation Saturday night from more than 100 inmates at Glades Correctional Institution.

Judge Louis Weissing of the 17th Judicial Circuit in Fort Lauderdale told the inmates and their guests at the Third Annual GCI Jaycee banquet he is attempting to get backing for the plan and described Florida's penal system "futile."

"Some social scientists and psychoanalysts," Judge Weissing said, "will probably not like it, but after several years as a judge, I feel there must be a better way than the futility of the prison system, something's wrong."

Weissing said the persons he is talking about are youths between the ages of 15 and 25 who are being sentenced to prison for the first time. He stressed he wasn't thinking of "first time offenders" and noted that his concept would make the program voluntary.

He said the program would be based on military basic training with an eye toward building the young prisoners up physically and teaching them some form of trade skills rather than skill in military arms.

He said most of the youths who come before him in court are physically soft with an indolent background designed for personal failure rather than discipline.

"If you're not man enough to tolerate a guard standing over you," he cautioned, "you won't be man enough to tolerate this program. The first thing would be to get these people in physical

JUDGE LOUIS WEISSING explains his idea of para-military training to GCI Jaycees.

condition so when they're discharged, they could work productively.

"Primarily," he went on, "they would have been through hell and they wouldn't want to go back again."

Judge Weissing commended the idea of the Jaycees, both from within the institution and the state executive board members

who were present for the program.

He said he would like to return to the institution at a later date to get input on his idea from the inmates.

Approximately 300 inmates, most of them members of the GCI Jaycee chapter, members of the Florida Jaycees' Executive Board and guests attended the banquet.

Charles Perrone, president of the state Jaycee organization, told the audience institutional Jaycees make up 14 percent of the state's Jaycee population.

"Your community is right here," Perrone said. "When you better your community here, you'll better your community when you get out and go home."

Perrone said he has had the opportunity to get seven inmates out of prison as part of his Jaycee involvement. "Six of those are still alive and out of prison. The other one is dead of an overdose," he said. "That hurt."

Perrone said belonging to the Jaycees won't rehabilitate anyone and won't get them out of prison. He told the inmates their primary aid is going to come from building personal positive attitude.

Among the awards presented by the master of ceremonies, GCI Jaycee Vice President Harold Brown, was a special plaque of appreciation to the Glades Central High School Athletic Council, received by County President

GCI JAYCEE PRESIDENT Jim Lane with his wife and daughter learn he is nominated one of Florida's Ten Outstanding Young Men for 1976-77 during the Third Annual GCI Jaycees Awards Banquet.

Kenneth Bowermeister, "for your support of the youth in the community."

Bowermeister, GCHS Principal, Dr. Effie Grear, and other members of the council were guests of the Jaycees.

Brown also announced that Jim Lane, president of the GCI chapter, had been nominated as

one of the Ten Outstanding Young Men of 1976-77 by the state Jaycees.

The GCI Jaycee of the Year Award went to chapter member Calvin Campbell, who also accepted a certificate of appreciation from the U.S. Marine Corps Reserve for the chapter's work in the Toys for Tots program last

Christmas.

GCI Superintendent Robert Turner said he had received the certificate from the Marines on Friday. Turner also received a plaque in appreciation of his support of the Jaycees at GCI. Awards of appreciation were also presented to Sponsor Willard Jones and other sponsors.

Mrs. Liverman

## Mrs. Liverman is local business personality

Luis J. Liverman, 29, is co-owner of Brown's Bible Book House at 701 NW Ave. L, which sells Bibles, books, music, gift items, and church supplies. Mrs. Liverman has been married for 12 years to Murrel D. Liverman, self-employed as a fence installer, and the couple has two sons, Murrel D., Jr., who attends the Lakeshore Elementary and Eddie,

7, who attends Belle Glade Elementary. Born in 1947 in Jellico, Tennessee, Mrs. Liverman moved to Belle Glade with her family in 1957. She worked two years at the Belle Glade Chamber of Commerce prior to her husband buying the Bible Book House. The family attends the Chosen Missionary Baptist Church.

### Chamber Chatter

## Rubber check detail started

By Jewel A. Crane,  
Executive Secretary

The Belle Glade Chamber of Commerce was approached this week by Sgt. Ray W. Noland, Detective from the Palm Beach County Sheriff's Department concerning the number of bad checks that are being passed in the county.

Sergeant Noland stated that a

Special Unit is being set up in eastern Palm Beach County and the Glades to help curtail this offense. He asked the Chamber of Commerce to assist in this endeavor by disbursing the forms from the Chamber office to any business or anyone that would like to take advantage of this new

service being offered by the Sheriff's office.

The forms are headed-up - **CRIMINAL COMPLAINT FOR WORTHLESS CHECKS**. This form is to be filled out, COMPLETELY by the person seeking the issuance of a warrant charging violations of the laws condemning the giving of worthless checks. This is confidential information for the use of the State Attorney in the preparation and prosecution of criminal charges against the accused and is not a public record. One form must be prepared for each check and should be completed before turning them over to the office of the special unit. This will expedite the process of bringing the offender to justice.

An office for the Special Unit will be set up in the Sheriff's office at the Glades Office Building and will be manned by two (2) Palm Beach County Sheriff's Detectives from West Palm Beach. The Glades office will be open on Thursday of each week from 9:00 a.m. to 3:00 p.m. for the benefit of the people in the Glades area. This is a central unit for all of Palm Beach County.

Along with the forms that you can pick up at your Chamber office, there is also a seven page list of information that will answer any and all of your questions on types of worthless checks, also explanations for defenses. Also included in this information the prosecution procedure is fully explained.

Your Chamber of Commerce is happy to assist and serve the community in the best possible way.

### DIVIDEND DECLARED FOR FIRST NATIONAL BANKS

JACKSONVILLE—Florida National Banks of Florida, Inc. announced that the Board of Directors today voted the first quarter dividend on common stock of .09, payable March 31, 1977 to shareholders of record March 10, 1977. This represents a 12.5 percent increase over the previous dividend rate.

The announcement was made following the Florida National's quarterly directors' meeting by John M. Manry, Jr., President and Chief Executive Officer for the 1.6 billion dollar bank holding company which owns 32 banks statewide.

### Minding the Store

By Andy Campanaro

Neil Walker has been named manager of Peoples Federal Savings office here in Belle Glade at the Glades Plaza Center.

Walker is a native of South Bay and Belle Glade, and a graduate of the University of Florida (see there, Tom—you don't have to be a Seminole to manage).

Prior to his work with Peoples Federal, Walker was a member of the Palm Beach County School system and served as housing inspector in the Glades area.

Walker and his wife, Lisa, reside in Belle Glade.

That new Time Saver is built, decorated and ready to go, says Time Saver manager Buddy Sizemore. It's the standard 2400 square feet of shopping space at 1540 NW Ave. L and SR 715.

This is the sixth Time Saver in the Belle Glade—Pahokee area, and this one will be managed by Kathy Brock.

Sizemore was cautious about future plans but said there are "irons in the fire" for more stores in the area.

A new public television channel much like Miami's Channel 2 may soon service the Glades area if a non-profit foundation succeeds in getting permission to convert the Palm Beach County School Board's instructional television system into a local public television studio and broadcast facility.

The foundation is the Public Broadcasting Foundation of Palm Beach County and spokesman Samuel A. Marantz says the foundation has about \$667,000 in state and federal funds lined up

Thurs., March 3, 1977. HERALD—OBSERVER-5B

# Business

for the project. Marantz said the foundation would ask the Federal Communications Commission (FCC) to grant the proposed station a license to broadcast on Channel 42.

### TIDBITS

Jim Graham Realtors are moving out; Bill Mathis Gifts is going out of business and the

Community Action Migrant Program has gone from their Main Street office...guess there's space for new businesses now opening up, and I'm not placing any bets that space is empty for long...the Benjamin Franklin store going in next to Diane Shop on Avenue A will follow a quite successful opening by Glades Drugs (Walgreens Agency). There will be more about that in following issues.

## County manager resolution is adopted by committee

A formal resolution, establishing a 15-member Charter Advisory Council, was passed by County Commissioners Tuesday, Feb. 22.

The council is being charged with investigating all facets of county government to assist the commission in drafting a "home rule ordinance" to create a "county manager" form of government. Recommendations are scheduled by no later than June 1, 1978.

Commissioners, by the resolution, will adopt a charter by August, 1978 and place the matter before voters at the November, 1978 general election.

County staff members will assist the advisory council which also is empowered to secure consultant type services as deemed necessary. Progress reports to the commission are provided at least once every 60 days during the investigation. The 15 advisory board members shall be selected as follows:

Three representatives by each of the five commissioners, two by district, and they should represent a cross section of the county populace. "This is a momentous moment," said Commissioner Dennis Koehler in moving the action for the charter advisory council. Commissioner Bill Medlen also stated that the advisory council legally shall be termed "charter" rather than "home rule."

The longest and heaviest of all snakes is the South American anaconda. Specimens have been reported to be as heavy as 950 pounds.

## Belle Glade raid nets booze, grass

BELLE GLADE—Police found 90 bottles of beer and 170 bottles of hard liquor, along with five bags of marijuana and more than \$3,000 in cash when they made a Sunday raid on a local man's apartment, only to find the man himself absent.

Detective J.R. Eberle said the 8 a.m. raid on Abraham Gunthorpe's apartment at #3, 425 S.W. C Place netted money which was scattered all over the apartment in the

amount of \$3,224.89.

Gunthorpe turned himself in at 2 p.m. and was charged with possession of liquor with intent to sell and possession of less than five grams of marijuana. He bonded out that same afternoon for \$1,000 bail.

Taking part in the raid were Detectives J.R. Eberle and Tim Corderman, Patrolman Enderle and Identification Officer Norman Hevey.

## Action promised on stamp abuses

U.S. Secretary of Agriculture Bob Bergland pledged continued quick delivery of food stamps to people severely affected by winter emergencies, but said he would intensify actions against people who may have abused the emergency procedures.

Secretary Bergland said the present honor system emergency procedures had effectively served thousands of people. But he added that reports of abuses had led him

to initiate investigative actions.

"Any abuses of the emergency procedures will subject offenders to prosecution and penalty under the law," the secretary said. "The department of agriculture will vigorously pursue enforcement of the law." The secretary said he had already directed department field investigators to cooperate closely with Florida officials who are investigating reports of abuse in that state.

The secretary said the number of applicants for emergency aid had dropped substantially in recent days in those Florida counties where substantial abuses have been alleged.

"We are determined to prevent further abuses such as those alleged in Florida while at the same time avoiding long waiting lines like those reported from Buffalo, N.Y.," the secretary said.

Mr. Bergland said he has directed a study of the emergency food stamp distribution procedures and that work is already underway to develop methods to strengthen program safeguards and efficiencies. If implementation of any of these methods require amendments to the law, the department will propose these to Congress, he said.

The secretary noted that procedures under the emergency procedures established by Congress in 1964, the usual food stamp income and resource limits are waived and applicants sign a simple statement of need based on lack of or inaccessibility of income

## Kites are fun. As long as you remember there are strings attached.

Flying a kite is child's play. But there are a few things you should tell your children when they tell you they're going to fly a kite.

First of all, if they make their own, make sure they use only wood and paper. For that matter, you should never fly a kite with wire or anything metallic. As metals are conductors of electricity.

Secondly, kites are fair weather friends. Caution your children never to fly them in a rain or thunderstorm. Because wet string will also conduct electricity.

And, they should always fly their kites out in the open. Safely away from power lines, and TV and radio antennas.

What's more, be sure your kids remember never to cross streets or highways when flying a kite. And not just because of the traffic. The surest way to get a kite tangled in a power line is to run under one.

But simply reminding your kids what not to do when flying a kite is not enough. Because in spite of all your warnings, there's always the chance they'll still get their

kites snagged on a power line, or caught up in a tree.

And what do they do then?

If it's a power line, the answer's simple. Leave it alone. And call us for advice. Trying to pull the kite down, or climbing up after it, could result in a serious shock.

On the other hand, should the kite get caught in a tree, make sure there are no power lines around. Trees near power lines can be accidentally charged with electricity. So if the tree is near a power line, again it's best they leave the kite where it is. And call us.

Flying kites is child's play. We just want you to be sure they play it safe.

This safety message has been brought to you by Florida Power & Light as a public service. Because serving the public is really what we're here for.

Electricity is a powerful servant. Respect it.

# Tax law changes are discussed by Lions

The Belle Glade Lions Club heard about recent financial investment law changes from tax expert and attorney Bob Giordano, whose summary was received with interest.

Likening recent tax reforms as possible causes of an economic cardiac arrest, Giordano said audience members could stave off problems by understanding and coming to grips with the new laws.

"Before the first of the year, you had six months and one day to claim capital gains for tax purposes," the attorney said. "Now, this year, you have nine months and one day and next year you'll have one year and one day."

## Vida Cristiana Latina

Escrito: Jose Antonio Garcia

Esta pregunta es creida por muchos, o diferente para otros, ignorada por una gran mayoría. Muchos religiosos la creen y la afirman diciendo que la venida de Jesucristo está a las puertas y que ellos esperan verlo con sus propios ojos. Los escépticos se refugian en la indiferencia, evadiendo así toda responsabilidad. Por otro lado los comunistas ateo se ponen furiosos al máximo, cuando se les dice que Jehová destruirá este viejo tema de cosas trayendo el ARMAGEDON (El día del fin del Dios Todopoderoso) Esta noticia según experiencias traídas de Cuba, es en sí, la noticia más ofensiva y a la que reaccionan con mas ira estos ateos que dicen no creer en Dios.

El finado presidente de los Estados Unidos Eisenhower por cuya madre fue testigo de Jehová por 15 años hasta su muerte, y como tal conocía lo que dice la Biblia del fin del Mundo, al ver la destrucción de las bombas atómicas en el Japon dijo en honda exclamación: "Después de esto el Armagedon".

Pero, que cree usted? o Cuales han sido sus ideas sobre este tema? Hoy las grandes señales del fin que nos rodean son alegóricamente como los barberos alrededor del Imperio Romano, y la indiferencia, tanto de las religiones como de los políticos es como el "dormirse en los laureles" sub-estimando lo que en sí causara la destrucción del Mundo.

Para esto sería interesante consultar al Dios verdadero a Jesucristo y a San Pablo por medio de la Biblia a ver que luz arroja sobre este asunto ya que a todos nos concierne.

Jesucristo fue el matemático por excelencia, mayor que Alberto Einstein, pues apuntó a una época futura en que marco todas las señales del fin del Mundo con precisión electrificante; y hoy estamos en el centro de esa época, o mas bien en el final de ella. Jesús predijo las guerras por dominación mundial, con 55,000,000 muertos en la del 1898-1945. Predijo el haber de alcance global, los terremotos, las pestes; como la Influenza Española, que mato mas de 20 millones de personas. Jesús hablo de la inmoralidad sexual; hoy se vive como en los días de Sodoma y Gomorra, filtrándose esta condición aun dentro de las religiones; al extremo que un periódico en ingles del 29 Nov. 1967 dijo: Sacerdotes episcopales alegan que la homosexualidad no es inmoral. Estos no parecen haber leído lo que dijo Jesús, y que la actual "Revolución Sexual" fue en días de Noe la causa por la cual vino el Diluvio Universal. La Biblia dice textualmente en Génesis 6:12 y habíase corrompido la tierra delante de Dios. Y miro Dios la tierra y he aquí que

The problem is these two periods overlap each other and you now have to be right on your capital gains gamble because the length of time involved in being able to sell them has lengthened.

Giordano also said this year you can take \$2,000 for short term capital gains on your tax return, with \$4,000 for long-term gains, and next year you can take \$3,000 for short terms or \$6,000 for long-term capital gains.

Giordano said now is the time to treat oil and gas certificates as more than a tax shelter. "Those two commodities now are really valuable and you should treat them as profit-making ventures aside from taxable resources."

IRA and Keough plans were advanced by Giordano as valuable plans for financial growth. "The amount you can sink into individual plans has been raised 4 1/2 years from \$1,500 to \$1,700," Giordano said, "and both you and your wife can put in individual amount, despite the fact your wife may not be working."

Another point the expert made was "if you have named your estate as beneficiary, you should consider changing it to a named beneficiary."

The amount raised for federal estate taxes is being raised from its current level of \$120,000 to \$482,000 by 1981 before the government digs in for its share, the attorney said.

"The typical method people use is giving away their estate by gifts to kids, grandchildren, grandchildren," Giordano said. "It used to be your could give \$33,000 in one year to one person, but the lifetime exemption is gone. The

maximum now is \$3,000 and, if more is given, you have to pay a tax on it."

In stocks, Giordano said his two rules were the "rule of 7.2" and tax avoidance. "If you have a return of 7.2 percent annually your investment will double in 10 years. Finding a high current yielding vehicle and finding ways to protect that yield from federal and state income tax is the name of the game," he said.

"It used to be you owned property or common stock and when you died, it was set at its real value," the attorney said. "When your heirs sold the property they paid no capital gain tax. This is no longer the rule. As of December 31, 1976, the value of an asset at the day you die will be taxed as a capital gain rate...and if you can not fix the price of your property before you expire, believe me, IRS will do it to you from the price you paid for it."

At the end of his talk, Giordano

gave a personal suggestion for the best and most yield in a financial plan, saying a deferred annuity plan is his best bet. "You deposit a sum of money with an insurance corporation and the government can not touch that money for taxes until you draw it out."

Contrary to popular image, most company-owned aircraft are not powered by jet engines.

# Pahokee students contribute to memorial fund

By the 'Devil's Tale' Staff

PAHOKEE-Pahokee High's faculty and student body have all been contributing generously to the Janet Hall Memorial Fund for the past few weeks. The fund has been designated for a large portrait of Mrs. Hall to be displayed in the main office.

Over \$800 has been graciously donated for this very worthy project with any surplus in funds being divided equally between the family of Mrs. Roy Hill and Mrs. Hall's two young daughters. The painting will be professionally composed by an artist who, at this time, has not been decided upon. The Fund Raising Committee is in

the process of selecting the artist at this time.

Switching to sports, Pahokee unheralded basketball team knocked off second ranked LaBelle in the finals of the District 14AAA Post-Season Tournament, hosted last Thursday through Saturday nights by the Blue Devils. Pahokee had earlier beaten Immokalee in an opening round contest and therefore earned the right to meet LaBelle for the crown.

James Burroughs led all Pahokee scorers with 19 points, followed by John Pringle, Ronnie Rainey and Joe Brown with 15, 12 and 10 points, respectively.

In golf, the Devils were

defeated 7-2 by Cardinal Newman High last Thursday. Vince Bush, who took medalist honors, was only victor for the team. He fired a two-over-par 38. The next golf match will be held today, Thursday, March 3 against Atlantic High.

The P.H.S. tennis team, which was idle this past week, travels to West Palm Beach on Friday of

this week to face a talented North Shore team. The team is led by Michael Seldes, who has lost only four matches this year.

The State Championship softball team opened its season last Thursday with a 19-0 victory over Jupiter. This year's team looks to be stronger than ever and the

girls are already looking forward to another trip to the State Finals.

In track, the Devils finished second behind Glades Central on Wednesday but defeated North Shore and Atlantic in that meet. Leroy Love highlighted the night by recording a 9.7 timing in the 100 yard dash.

**NOTICE OF INTENTION TO REGISTER**

**FICTITIOUS NAME**

The undersigned does hereby certify that I am conducting a trucking business at 3826 So. Barfield, Pahokee, Florida, under the fictitious name of EDDY TRUCKING, INC. and that said firm is composed of the following persons whose names and places of residence are as follows:

Edilberto Hernandez

## GCHS News Notes

## Walking from one campus to another can be tiring

By Jeanne Rae Ingram

What is it like to be a student at G.C.H.S.?

Sometimes it seems like it's five miles from campus to campus. When you are in a hurry to get to math class or there is a special assembly in the gym, the distance gets even longer.

There must be a better way to get from class to class. As you trudge along with only eight minutes to get where you are going, you think of all kinds of inventions to make your walk shorter, easier.

How about a moving sidewalk?

You could just step on it and be whisked from main campus to the annex in nothing flat. Wonder if Dr. Greer would let us have a golf cart? You could make a bundle giving other tired students a ride. Those clouds in the sky look like rain. That's all you need! A nice quick shower never hurt anyone. Right? No, thanks!

It is a good thing that teachers don't have to walk from class to class. Hey! That is a neat idea! Can't you just see them? How much do you charge for a ride on a golf cart? You could charge teachers double! Right on!

.....

On March 1, General Motors brought the "Preview of Progress" to G.C.H.S. The entire student body enjoyed this program of demonstrations during a morning assembly.

The representative from General Motors demonstrated how to make foam rubber simply by mixing two liquids together. We were introduced to Socrates, a computer, who can speak and sing! He can even say "supercalifragilisticexpialidocious!"

The Glades Central "Science Fair" was held Feb. 28 - March 2. The Public viewed the different entries Wednesday evening at the Open House.

**LEGAL NOTICE**

Notice is hereby given, that Public Hearings will be held before the Planning and Zoning Board on Thursday, March 3, 1977, at 8:00 p.m., in the City Hall, 33 West Avenue A, and before the City Commission on Monday, March 14, 1977, at 8:00 p.m., in the City Hall, 33 West Avenue A, Glades, Florida, relative to a proposed rezoning from R-1 Residential to B-Business Restricted on the following described property:

Lot #16 of Australian Pine Estates, Addition #1, to Belle Glade, according to the plat thereof on file in the office of the Clerk of the Circuit Court in and for Palm Beach County, Florida in plat book 27, page 124. (Paul and Kathryn Llewellyn proposed rezoning of the above property in the above are invited to appear and express their opinion.)

**CITY OF BELLE GLADE**  
CITY COMMISSION  
By: Betty G. City Clerk

BGH 77-44  
Feb. 24, Mar. 4, 1977

**LEGAL NOTICE**

You are hereby notified that on March 22, 1977, at 7:30 a.m. in the City Hall, 33 West Avenue A, in the City of Glades, Florida, the City Commission of the City of Glades, Florida, will consider a proposed Ordinance to amend the title of which Ordinance is as follows:

**ORDINANCE NO. 10, AMENDING THE PART OF CERTAIN PUBLIC STREET AND RIGHT-OF-WAY NOW KNOWN AS HURSTON AVENUE, IN PLAT BOOK 27, RIDGEWAY BEACH SUBDIVISION, AS RECORDED IN THE PUBLIC RECORDS OF PALM BEACH COUNTY, FLORIDA, IN PLAT BOOK 7, PAGE 11.**

A copy of each proposed Ordinance is filed with the City Clerk at the City Hall, 33 West Avenue A, Glades, Florida, for inspection by the public. Interested parties may appear at the meeting and be heard with respect to the above proposed Ordinance.

Please govern yourselves accordingly.

EO 77-19  
Feb. 24, 1977

**IN THE CIRCUIT COURT FOR PALM BEACH COUNTY, FLORIDA**

**PROBATE DIVISION**

FILE NUMBER 77-256-C-06

**Divisor:**

**IN RE: ESTATE OF JULIA S. HAMPTON**

Decedent.

**NOTICE OF ADMINISTRATION**

TO ALL PERSONS HAVING CLAIMS OR DEMANDS AGAINST THE ESTATE AND ALL OTHER PERSONS INTERESTED IN THE ESTATE:

YOU ARE HEREBY NOTIFIED that the administration of the estate of JULIA S. HAMPTON, deceased, File Number 77-256-C-06, is pending in the Circuit Court for Palm Beach County, Florida, Probate Division, the address of which is 300 North Dixie Highway, West Palm Beach, Florida 33411. The personal representative of the estate is OSSIE E. BRADFORD, 110 S.W. Avenue E, Belle Glade 33411. The name and address of the personal representative is as stated below.

All persons having claims or demands against the estate are required, WITHIN THREE MONTHS FROM THE DATE OF THE FIRST PUBLICATION OF THIS NOTICE, to file with the clerk of the above court a written statement of their claims or demands they may have. Each claim must be in writing and must indicate the basis for the claim, the name and address of the creditor or his agent or attorney, and the amount claimed. If the claim is not yet due, the date when it will become due shall be stated. If the claim is contingent or unliquidated, the nature of the uncertainty shall be stated. The claim is secured, the security shall be described. The claimant shall deliver sufficient copies of the claim to the clerk to enable the clerk to mail one copy to each personal representative.

All persons interested in the estate to whom a copy of this notice has been mailed are required, WITHIN THREE MONTHS FROM THE DATE OF THE FIRST PUBLICATION OF THIS NOTICE, to file any objections they may have to the claims or demands of the decedent's will, the qualifications of the personal representative, or the venue or jurisdiction of the court.

ALL CLAIMS, DEMANDS, AND OBJECTIONS NOT SO FILED WILL BE FOREVER BARRED.

Date of the first publication of this Notice of Administration: February 24 and March 3, 1977.

As Personal Representative of the Estate of JULIA S. HAMPTON, Decedent.

**ATTORNEY FOR PERSONAL REPRESENTATIVE:**  
Robert E. Matheson Jr.

**LEGAL NOTICE**

The Belle Glade City Commission will consider adoption of a proposed Municipal Ordinance on the 14th day of March, 1977, at 8:00 p.m. in the City Hall, 33 West Avenue A, Belle Glade, Florida.

**AN ORDINANCE OF THE CITY OF BELLE GLADE, FLORIDA, RELATIVE TO THE STREETS AND SIDEWALKS, PROVIDING PERMITS FOR THE REPAIRING OF SIDEWALKS AND SIDEWALKS, AMENDING SECTION 2-20 OF CHAPTER 21 OF THE CITY OF BELLE GLADE, AND PROVIDING AN EFFECTIVE DATE.**

Said Ordinance will be considered for final reading at the meeting of the City Commission to be held in the City Hall, 33 West Avenue A, Belle Glade, Palm Beach County, Florida, at 8:00 p.m. on the 28th day of February, 1977.

All interested persons may appear at said meeting and be heard with respect to said proposed Ordinance, a copy of which is in the office of the City Clerk at the City Hall, 33 West Avenue A, Belle Glade, Florida.

## March aluminum pickup announced

PAHOKEE-Recently revealed 1976 year-end figures show Pahokee area residents recycled 64,039 pounds of aluminum and were paid \$9,605.85 by Reynolds Aluminum Recycling Company for their efforts.

Statewide totals for last year show Floridians recycled nearly 24 million pounds of aluminum.

During March, the public will receive 17 cents a pound for aluminum every Thursday, March 3, 17, and 31 from 2 to 2:30 p.m. at the Little League Ball Park, 515 Bacom Point Road.

Reynolds pays 17 cents a pound for aluminum beverage cans and other clean household aluminum such as pie pans, foil, frozen food and dinner trays and dip, pudding and meat containers. Certain other types of clean all-aluminum items can be redeemed at a slightly lower rate.

Aluminum can be recycled back into new aluminum products

for less than 5% of the energy required to make it originally. The 88% energy savings in the process shows aluminum to be an energy bank for storing energy for use over and over in recycling," said Dave Vardell, Reynolds District Manager for aluminum recycling.

This is most relevant in these days of concentrated energy conservation.

BELLE GLADE-Recently revealed 1976 year-end figures show Belle Glade area residents recycled 135,598 pounds of aluminum and were paid \$20,339.70 by Reynolds Aluminum Recycling Company for their efforts.

Statewide totals for last year show Floridians recycled nearly 24 million pounds of aluminum.

During March, the public will receive 17 cents a pound for aluminum every Thursday from 2 a.m. to 1 p.m. at the City Park, 500 West Canal Street.

The Department of Adult and Community Education announces that the Florida High School Equivalency Diploma Test (GED) will be given March 15, 16 and 17 at Lake Worth High Community School, 101 College Street, Lake Worth.

The test will be given from 6:00 p.m. - 10:00 p.m. an application for the test must be made one week in advance.

The G.E.D. Test is offered weekly throughout the county. For additional information call the Adult Education Center at 832-2424.

## Mrs. Elliott will be honored at club tea

**PAHOKEE**—Mrs. Jess M. Elliott, past president of the Pahokee Garden Club who is presently serving as District 10 Director, Florida Federation of Garden Clubs, Inc., will be honored at a tea given by the Pahokee Garden Club in the Fellowship Hall of the First United Methodist Church Wednesday, April 15, according to an announcement made at the February 22 meeting of the club held in Everglades Federal's Community Room with President Bernice Simpson presiding. The committee in charge of arrangements for the tea complimenting Mrs. Elliott are Cleo Douthitt, Dorothy Williams, Esther Hundley, Martha McIntosh, Alice Ramey and Mrs. Simonson.

Because of the severe cold weather during January which stunted plant growth throughout the area, the club voted not to sponsor this year its annual spring plant sale. It was also voted not to sponsor a Christmas Lighting Contest in 1977, but all residents, as well as Club members, will be urged to decorate their homes and business places during the Christmas holiday season, as usual.

Marjorie Mock, Catherine Kennedy and Dorothy Stanley were used on a nominating committee to recommend a slate of Club officers for the 1977-78 year.

Frances Whiteside, Trees Chairman, gave a report on the planting of an Arbor Day tree on the grounds of the East Lake Middle School in January under the sponsorship of the Club.

Dorothy Buckner asked members to continue saving used aluminum foil and containers for recycling and bring same to her or to club meetings.

It was announced that the March 15th meeting of the Club will feature a field trip to Vaughn's Gardens in West Palm Beach, with members to leave as a group from Everglades Federal's building lot promptly at 9 a.m. and take with them on the trip bag lunches.

Arrangements for the field trip are being made by Dorothy Williams, Chairman of World Gardening and Visiting Gardens.

Announcement was also made of the annual Mental Health Fair to be held at the Belle Glade Mental Health Center April 2nd.

Horticultural Chairman Martha McIntosh gave an interesting talk on beautiful plants, such as Swedish Ivy, Baby Tears and Peperomia, that are easily grown in this area, both indoors and outdoors.

Program Chairman Esther Hundley introduced as guest speaker Gene Joyner of West Palm Beach, Agricultural Extension Agent - Horticulture, who spoke of the propagation of plants by grafting, budding and air-layering, gave expert demonstrations of the techniques used in each method. It was announced that Mr. Joyner will conduct a seminar on "Plant

Maintenance" at the Glades Branch Courthouse north of Belle Glade, March 4, starting at 9 a.m. Katherine Spencer was welcomed as a new member of the Club. Introduced as visitors were Ruth Veredith, Life Member of the Club who now lives in Lake Worth, Mrs. O.P. Griffin, Lota Ryalis, Thelma Freil and Ruth Carpenter.

The hostess committee, including Tommie Lee Dukes, Ruby Kemp and Eloise Watson, served spiced tea and delectable cookies, carrying out Washington's Birthday colors of red, white and blue both in the refreshments and the lovely arrangement of larkspur and red and white gerberas that graced the speaker's table.

### Luncheon

Following the Feb. 22nd meeting of the Pahokee Garden Club, Mrs. Robert B. Simonson, president of the Club, entertained with a luncheon at her home, 679 Bacon Point Rd.

Guests were Gene Joyner of West Palm Beach, Ruth Meredith of Lake Worth, Alice Ramey of Rockledge, Mr. and Mrs. Lloyd A. Hundley and Robert B. Simonson.

## Community services meeting set

The March 9th Community Services Council meeting, to be held at the Glades Office Building at 12:30 p.m., will feature information for the blind and a program on food and health.

The Rehabilitation teacher of Lions Industries for the Blind will lead off the program. Miss Karen Barvinski is employed in this capacity, and will speak of upcoming classes for the blind in the Glades area.

Co-working on the meeting presentation will be Mrs. Beverly Harrington, Extension Home Economics Agent. Her subject will be "Food and Health - The Battle of the Bulge."

Invitations are extended to all interested persons. For additional information, please contact Mrs. Gene R. Cross, Chairman, at 996-5547.

### CARD OF THANKS

We would like to take this opportunity to express our sincere appreciation to all the dear friends who were so kind to us during the illness and death of our husband and father, Mr. Edwin R. Wagner.

Our very special thanks to all our friends who sent flowers, cards, prayers and expressions of sympathy.

Your loving kindness will always be remembered. May God bless you all.

Mrs. Ruby Wagner Ed, Wayne, K.B., and Jimmy Wagner  
Mrs. Wilma Lou Slonaker  
Mrs. Doris Elaine Hall  
Pahokee

### CARD OF THANKS

Our special thanks go out to all of you who sent cards, flowers and food during our recent loss. Your prayers and visits meant more than words can say. Our extra special thanks to the hospital staff, Dr. Hattori and Rev. Wilson, for the physical and spiritual care they gave Julia during her long illness. May God's richest blessing touch each of our friends who cared and share our sorrow.

The Holman Family  
Pahokee

## Candy Strippers will be in hospital soon

**PAHOKEE**—At the February 22 meeting of the Everglades Memorial Hospital Auxiliary in the doctors lounge at the hospital, President Ilmae Lampi, who presided, announced plans for reactivating the group of hospital teenage volunteer workers, known as Candy Strippers, under the sponsorship of the auxiliary. Nola Nagler and Jan Vertommen will direct the activities of the Candy Strippers, and in a report given by Mrs. Vertommen at the meeting, she said that it is expected the young people will be working at Everglades Memorial by the first of March.

The auxiliary voted to again sponsor a sales booth at the Mental Health Fair to be held at the Belle Glade Mental Health Center Saturday, April 2. Eve Van Winkle, the manager of the Auxiliary Gift Shop, volunteered

to be in charge of the booth if members will furnish the items that will be offered for sale. Each member was asked to prepare homemade baked goods for the booth and contribute other articles for sale, if they can.

Alva Bethae, the new service chairman, gave a report on changes made in regulations for volunteer work, and Mrs. Van Winkle reported on activities at the gift shop.

The program consisted of a general discussion, led by Mrs. Lampi, on methods through which the pink ladies can increase the efficiency of their volunteer services.

The meeting was opened with Alva Bethae reading the 23rd Psalm, and at the close delicious refreshments were served by Doris Wilson, the hospital's dietary director.

## Community welcomes Rev. Howe and family

**PAHOKEE**—The community of Canal Point and outlying area wishes to take this opportunity to welcome the Rev. T.A. Howe and family to The Canal Point Baptist Church. Rev. Howe gave his first sermon on February 6th.

A covered dish dinner followed. The Ministerial Association were guests as were the pastors and wives of the Palm Lake Association. A gift book was given to Rev. Howe to add to his library. The church members feel blessed to have this fine family in our community.

Rev. Howe was born in Jackson, Mississippi. He completed Jr.

College in Meridian, Mississippi and is presently attending Luther Rice Seminary via extension courses while serving as pastor of the Canal Point Baptist Church. He was licensed on March 10, 1976 and ordained on January 16, 1977.

He and his wife, Pat, have two small children, Monica and Caleb. The family comes from the Friendship Baptist Church, Altamonte Springs, Fla.

Those without a church home, or visitors in the community are welcomed to attend the Canal Point Baptist Church services.

## Musical program is enjoyed at meeting

PAHOKEE—A musical program was enjoyed at the luncheon meeting of the Pahokee Woman's Club on February 23, by the large group attending. President Carlene Raby presided.

Ismail Gonzalez, Minister of Music at the First Baptist Church, and his wife, and the Numb Notes, a combo group, were introduced by Louis Mullis, general chairman for the luncheon.

The Numb Notes presented pleasing arrangements of favorite songs, including Casey Jones, A Rabbit and a Chicken, and the Tennessee Waltz.

Mr. Gonzalez accompanied his wife on the piano, and she sang Room at the Cross, and a medley of Sweet Hour of Prayer and Amazing Grace.

Proceeding the luncheon, the invocation was given by Rev. Carl Storey.

The tables were covered in white and centered with green tropical vines and plants grown by Lois Mullis.

The luncheon of Southern style cooking, featuring fried chicken, consisted of a large variety of vegetables, salads and tasty desserts, including pecan pies.

Others serving on the hostess committee were Ruby Kemp, Sarah Hendrickson and Uldene Todd.

Guests attending were: Cecil Grogg, Hospital Administrator, Rev. and Mrs. Carl Storey, Mr. and Mrs. Ismail Gonzalez, Ryan Culbert of Royal Palm Beach, Robert Nance, Lois Erickson, Maude Boatright, Julia Mathis, Martha McIntosh, Dorothy Stanley, Mrs. O.P. Griffin of Ochlocknee, Ga., Cleo Douthitt, Sarah Ann Dowdy, Allie Mae Watson, Gladys Meyett, Marie Funderburk and Janice Flecher.

Tickets for the Fashion Show and dinner on the evening of March 25, are selling fast. Anyone wishing to attend this affair, should contact a member of the Pahokee Woman's Club for reservations.

THE FLEA MARKET held at the Pahokee United Methodist Church on Saturday, from 9 a.m. 'til 3 p.m. attracted lookers and buyers of clothes and other unusual items. Church

members donated a variety of items that filled large tables in the church social hall. Staff Photo

## Pahokee Personals

by Laurel Tarr

PAHOKEE—Mr. and Mrs. Marion L. Wright, 319 Parkview Court, entertained Sunday in honor of Mr. and Mrs. James R. "Randy" Woodham, who were recently married. Mrs. Woodham is the former Miss Linda Wright. Mr. Woodham is the son of Mr. and Mrs. James Howard Woodham of South Bay.

Guests were Mr. and Mrs. Howard Woodham and sons, Brent and Mark, of South Bay; Mrs. Verda Mathewson of Belle Glade, Mr. and Mrs. Roland (Wuddy) Mills and children, Matthew and Rebecca; and Miss Donna Wright, all of Pahokee.

PAHOKEE—Mr. Garred Blackburn of Pikeville, Kentucky, is visiting his daughter Glenna Helvy and her family, of 227 Parkview Ct. Pahokee. Mr. Blackburn flew into West Palm Beach International Airport on Thursday, February 24 for a ten day visit.

### "Battle of the Bulge" announced

As part of a program entitled "Battle of the Bulge", announces Mrs. Arlen C. Jones, Extension Home Economics Agent-Program Leader, the public is invited to attend a discussion at the Glades Office Building-Auditorium in Belle Glade on Wednesday from 10:00 a.m. until 12:00 noon.

Tickets for the program will have the opportunity to pinpoint problems faced in planning their family's daily food needs, and at the same time maintain each individual's optimum weight. Mrs. Beverly Harrington will be leading the discussion groups.

## Pahokee Church of God sponsors rock-a-thon

PAHOKEE—The youth of the Church of God in Pahokee will sponsor a Rock-A-Thon on Friday night March 4. The Rock-A-Thon will begin at 6 p.m. and will run for twelve hours. Young people will literally be rocking in rocking chairs from 6 p.m. until 6 a.m. Saturday morning to raise money for YWEA.

YWEA is an annual missions project sponsored by the youth throughout the entire nation. Funds that are raised each year held build a Bible school in South

Korea.

The church youth in Florida have set a goal of \$40,000 to raise for YWEA. The Church of God youth of Pahokee have set a goal of \$1,000. Youth leader, Bobbie Elrod, expects the youth to exceed this amount.

By getting sponsors to pledge so much per hour of rocking, the youth are able to contribute to this worthy cause. Pastor McGlannery says, "The youth sacrifice sleep so others can have peace."

## Sanchez is winner of bank Waterway art show

Absentee artist Gustavo Sanchez took first prize at this past week's Bank of Belle Glade Okeechobee Waterway hanging.

Sanchez's painting will be taken to Fort Myers to compete March 8 for grand prize with many others selected from individual towns around Central and South Florida. Second place ribbon was given to Ann Tylor and third place was

taken by Diane Richmond. Honorable mention ribbons were handed to Margaret Earwood, Jesse Freeling, and Jeannette Cameron.

Paintings must be of specific scenes along the Okeechobee Waterway and whoever gets grand prize also brings home \$300 for first place, \$125 for second and \$75 for third.

### CARD OF THANKS

We, the family of Janet Hall, would like to thank all our many friends for your kindness and love which lightened the burden of our sorrow. We love all of you as you loved Janet, and your expressions of sympathy will always be treasured.

Among the many cards we received during our recent loss of our much loved Janet, this one, from the Palm Beach County School Board, especially stood out to comfort us. We would like to share it with her many friends.

Much love,  
Janet's Family

She is Away

You can not say, you must not say That she is dead. She is just away! With a cheery smile, and a wave of the hand She has wandered into an unknown land And left us dreaming how very fair Its needs must be, since she lingers there; So think of her faring on, as dear In the love of There as the love of Here. Think of her still as the same, and say She is not dead, she is just away.

## Talent show to be held

## Retirement- wise, here's a wise investment.

U.S. Series H Savings Bonds. Unlike Series E Savings Bonds, H Bonds pay out their interest every six months.

So if you buy one H Bond a month from January through June, you can get an interest check every month from July through the next ten years.

Another nice feature is that you can exchange your Series E Bonds for H Bonds without having to pay tax on the accumulated interest until the H Bonds finally mature.

So, retirement-wise, tax-wise, investment-wise, remember two words to the wise: H Bonds.

Ask about them at your bank.

Now the H Bond interest rate averages 8% per year when held to maturity of 30 years. Lost, stolen, or destroyed H Bonds can be replaced if records are provided. H Bonds are redeemable after six months, by application through your bank.

# Youth rally is scheduled in Lake Harbor

A Youth Rally sponsored by the Way of the Cross Bible Mission, 383 S.W. 4th Street, Belle Glade, was held at the John Stretch Memorial Park in Lake Harbor on Saturday, February 26, from 9 a.m. to 6 p.m. The theme for the occasion was "Reaching Out One to Another in Christian Fellowship." Rev. C.S. Edwards led the song service. The Rev. W. Harrison prayed and the first session's message was delivered by Rev. C.C. Davis. A brief intermission followed. The second session re-convened with Rev. Blackford of Sarasota bringing the "Youth

message. There were recesses after each session. Lunch was served from 12 till 1:30 p.m. The third session opened with Rev. Blackford at the organ, leading the youth group in an old fashion "sing along" of familiar hymns. Mr. Samuel McKenzie rendered an accordion solo. The fourth session divided the youth into two groups: The teenage girls (rap session: "Purity"), led by Mrs. Busby, wife of Rev. A.F. Busby, pastor of Calvary Bible Mission, Boynton Beach, and a Youth Speaks Circle. Three young men spoke to this circled group: Frank

Johnson "Obedience", Anthony Higgs "Salvation" and Johnny Pierce "Accepting and Understanding What You Change". The final session was climaxed with The One Way Puppets performed by Bob and Sue Dolan of Fort Lauderdale. There were 77 children and young people in attendance from Belle Glade, South Bay, Delray, Boynton Beach, and Clewiston. Also there were 25 adults in attendance. Ministers present were: Rev. C.S. Edwards, Rev. C.C. Davis, Rev. W. Harrison, Rev.

A.F. Busby and Rev. Blackford. Many thanks to all the ladies for their efforts and cooperation in preparing the food and refreshments; to the park officials for the use of the pavilion facilities, and to Rev. C.S. Edwards for making an idea a reality.

## Plant care seminar is scheduled

Gene Joyner, Urban Horticulturist for the Palm Beach County Cooperative Extension Service, will present a seminar on plant maintenance tomorrow, 9 a.m. until 11 a.m. at the Belle Glade Courthouse Auditorium.

The seminar will cover topics related to care of weather-damaged plants and the combining of various problems that crop up at this time of year.

The slide-illustrated program will cover insect and disease identification and control on ornamental plants. Pruning, watering and fertilizing will also be covered along with information on other important cultural practices. Brochures will be given to those attending.

4C-HERALD-OBSERVER, Thurs., March 3, 1977

"The Battle of the Ages" continued when The slogan...Better? Maybe! Older? Yes!!! Shirley Wagnon, left, planned a luncheon for Jill Pitts is 36. Jill Pitts, right, marking her 36th birthday.

## Bride-to-be honored at reunion-reception

It was a duo-day on February 11th. The 1970 graduating class of Glades Day School had its first reunion. One of the members brought his pretty bride-to-be home to meet his friends, and she was feted with a reception at the home of Mrs. Clarence Kidder.

From 2:00 p.m. until 4:00 p.m., Saturday, the 11th, Mrs. Kidder, Mrs. T. Edward Burgess, mother of the groom-to-be, and Miss Margo (Marzaret) Virginia Bolen

greeted the guests. All of those attending enjoyed seeing the lovely new home, as well as the afternoon of good fellowship.

The Valentine theme was used with the floral pieces on the serving table and the poolside patio area. A beautiful and delicious variety of hors d'oeuvres and home-made pound cake were served along with fruit punch and

coffee. Mrs. James Watkins, the former Miss Beverly Hill and a member of the graduating class of 1970, presided at the serving table.

Seventy-five guests called during the afternoon to meet Miss Bolen whose marriage to Ted Burgess (Thomas Edward, III), will be solemnized on Saturday, fifth of March, Clemson United Methodist Church, Clemson. South

Carolina.

Co-hostesses with Mrs. Kidder and Mrs. Watkins were Mrs. Murray Weeks, Mrs. Fred Stevens, and Mrs. Francis W. Cross Jr.

## Horticulture Society will meet

On March 4 at the Belle Glade Courthouse Auditorium the monthly meeting of the Horticulture Society will meet from 9 to 11 a.m.

The program will be presented by Gene Joyner and the Urban Horticulturists of the Palm Beach County Extension Services. The topic will be on plant maintenance. The public is cordially invited to attend the meeting.

Miss Garcia

## Garcia-Bowen plans are being announced

BELLE GLADE-Mr. and Mrs. Celito Garcia-Inguen, 408 N.E. 3rd St., announce the final wedding plans of their daughter, Rosa Elena, to Steve (Rodi) Bowen, son of Mr. and Mrs. Hugh

C. Bowen, 724 S.E. 1st St. The wedding date has been set for April 23 at 4:00 p.m. at the St. Phillip Benizi Catholic Church. Officiating the ceremony will be the Reverend Father Paul Saghy.

## St. Peter's Lutheran Church and School (Missouri Synod)

We are now accepting applications for the 1977-78 School Term in the following grades:

We do not discriminate on the basis of race, color, national and ethnic origin.

## Miss Simms is honored at shower

PAHOKEE-Miss Lillian Simms of Canal Point, bride-elect of Charles Blackburn, was honored at a miscellaneous calling shower at the home of Mrs. A.R. Harrington on Saturday, February 19 from 3-5 p.m.

Guests were greeted at the door by Lillian, her mother, Mrs. A.M. Simms and Mrs. C.C. Blackburn. Janet Alexander tended to the guest book. Miss Simms and Miss Alexander wore yellow carnation corsages, while the mothers wore white carnation corsages.

Serving tables were decorated with white linen cutworth cloth, carnations, status, baby's breath and white tapers. Cake, punch and hors d'oeuvres were served to the many guests who called during the afternoon.

Hostesses for the shower were Gladys Harrington, Paula Buckner, Dorothy Buchanan, Nell Hollen, June Harrington, Becky Kepp, Bonnie Miller, Kay Sears, Madru Stuart and Ann Thigpen. Among the many nice gifts received, was an electric fruit juicer given by the hostesses.

## St. Martha's Guild sets meeting

PAHOKEE-St. Martha's Guild of the Holy Nativity Episcopal Church will hold their regular monthly business meeting in the Church parish hall on March 8, beginning at 8:00 p.m. with Dea Kahle, President, presiding.

## Correction

We were sorry for last week's misspelling of the name for the "Recipe of the Week". The correct spelling of our donor: Mrs. Sally C. Gravely. Please excuse our error.

## CARD OF THANKS

The family of Mr. Henry Green. McArthur would like to take this opportunity to thank you for your expressions of love and thoughtfulness at the death of a beloved brother.

The abundance of food that was sent, your visits, cards, letters, phone calls and flowers. Also, we want to thank the First Baptist Church for the flowers and the prayers that helped us through this time of grief and sorrow.

Seth and Evie Roberts  
Pahokee

## "Battle of the Ages" continues in Pahokee

PAHOKEE-Another episode of "The Battle of the Ages" continued with a celebration, marking birthday number 36 for Jill Pitts. Jill was honored at a luncheon which took place at the home of Mrs. Ann Alderman on

Sunday, February 26. Eighteen guests were in attendance and Shirley Wagnon presented Jill with a lovely corsage. The gift presented to Jill was a fireside basket of dried floral arrangement. A delightful time was enjoyed by all.

# East lake cookin'

Another Swamp Cabbage Festival has concluded while the Lehigh Spring Festival and "Big Bass" Chalo Nika Festival in Moore Haven take place this weekend in Lee and Glades Counties.

Nearly 20,000 people watched the parade last year in Lehigh Acres while about half that number attended Moore Haven's gala event. The same size or slightly larger crowds are expected by each respective city this year. The Lehigh Festival is only in its third year while Chalo Nika is twenty-nine years old Saturday.

"Home Town, U.S.A." is the theme in Lehigh for the February 27-March 5 Spring Festival. Almost everyone in the community of 14,000 residents will be involved in the action during the 2 p.m. parade Saturday marching down Homestead Road in Lehigh, Fla. There will be a 100-unit parade with floats, pretty girls, bands, clowns, fun and fancy clothes bringing a special sparkle to the day. The Shrine Pancake Breakfast, Women's Club Strawberry Jubilee, Bluegrass music featuring "Foxfire" American Bluegrass Express, Red Murphy Henry and Chubby Anthony's Big Timber Band along with the Third Annual Spring Festival Ball will highlight the week-long celebration.

Ft. Myers symphonist wind Ensemble directed by Bob Clark will perform at the Gazebo from 4:30-5:30 p.m. Baseball home-run king Henry Aaron and folk-singer actor Burl Ives are to make appearances at the Lehigh Spring Festival.

Moore Haven, in peaceful Glades County just minutes from Clewiston or Buckhead Ridge, nearly triples in size each year during the week of the "Big Bass."

# ALL ABOARD! THE SIMON TRAIN

as Chalo Nika is known. Fishing tournaments featured the entire month of February offers the title "King Bass" and "Queen Bass" at the close of Saturday's program. The person, male and female, that lands the biggest fish during the tournament will not only the title but, several hundred dollars worth of fishing supplies consisting of rods and reels, lures and boats and motors. The atmosphere throughout Moore Haven is very relaxing and is more of a family nature than the midway or carnival atmosphere of many county wide towns. It is homecoming week for students and past residents to return to the area for old times sake. Tourists from nearly every state in America enjoy the rodeo, the crowning of Miss Chalo Nika, Indian program, and alligator wrestling each year from the open air stage nestled gently between oak trees and special constructed chickee huts bolted together like an Indian Village at the city park.

WSWN Radio will again broadcast live from the Chalo Nika Festival Headquarters featuring interviews, country music and live performances from the stage. Several hundred dollars worth of fresh glades vegetables and sugar will be given away to those interviewed on the "Mighty Ninety."

David Lowman and the Southern Express have been held over by popular demand at the Seminole in Indian town. The group performed to a capacity crowd last week often working to a standing room only crowd during the evening show. Club owner Bill Strother said, "The Southern Express must have had 100 people from Belle Glade and Pahokee follow them over to the Seminole."

#### NOTICE TO CONTRACTORS

Sealed bids for the construction of City Hall and Public Works Building will be received by the City of South Bay, Florida at the present City Hall, 210 Palm Beach Road, South Bay, Florida 33586 until 1:00 p.m. Eastern Standard Time on March 22, 1977, at which time all bids will be publicly opened and read aloud. The work consists of but is not limited to, the construction of an 11,500 square foot CBS building, 100,000 square foot Police Department, Fire Department and City Administrative Offices. Any bid received after the designated time will be returned unopened to the Bidder. Plans, specifications and other contract documents may be obtained at the office of the City's Consulting Engineers, Barker, Osha & Anderson, Inc., 100 U.S. Highway 90, Suite 202, North Palm Beach, Florida 33408, upon payment of a non-refundable fee of \$50.00. Submitting a bid constitutes acceptance of the work on the bid documents provided by the City and the bidder agrees to accept the requirements of the City upon returning the plans and specifications in good condition to the Consulting Engineers' office within 30 days from the receipt of bids will be refunded 50% of the payment for non-set of plans and specifications. Non-bonded bidders and non-bidders will be refunded 50% of the payment for non-set of plans and specifications. Refunds will not be made for purchase of additional sets of plans and specifications. Copies of the above described documents may be examined by prospective bidders at the City Hall or at the Consulting Engineers' office.

Bids for construction of the City Hall and Public Safety Building and apartment work shall be enclosed in a sealed envelope bearing the name and address of the bidder and marked "Bids for City of South Bay City Hall and Public Safety Building, EPA Project No. 04-51-00035".

Bids shall be accompanied by a satisfactory bid bond or a certified check drawn upon any State or National Bank in Florida, made payable to the City of South Bay, in the amount of 100% of price bid as guaranteed to the City that the successful bidder will enter into a written contract with the City to perform the contract within 7 days after the award of the contract. The deposit will be retained by the City as liquidated damages in the event that the successful bidder fails to enter into a contract and furnish performance and payment bond as required within 7 days after the award of a portion of the work to him.

The successful bidder shall furnish and pay for a Performance Bond and a Payment Bond each in the amount of 100% of the total bid price, said bonds being executed on the form provided in the Contract Documents. A maintenance bond guaranteeing repair of all damage due to improper materials or workmanship for a period of one year after completion of the work by City will also be required.

This project is to be funded by the United States Department of Housing and Urban Development and shall be referred to as Project No. 04-51-00035. However, neither the United States or any of its departments, agencies, or employees is, or will be, a party to this invitation for bids or any resulting contract. Bidders are advised that they must comply with the President's Executive Order 11246 and 11575, and supplemental Department of Labor regulations (41 CFR 101-11.60035). However, neither the United States or any of its departments, agencies, or employees is, or will be, a party to this invitation for bids or any resulting contract. Bidders are advised that they must comply with the President's Executive Order 11246 and 11575, and supplemental Department of Labor regulations (41 CFR 101-11.60035). However, neither the United States or any of its departments, agencies, or employees is, or will be, a party to this invitation for bids or any resulting contract. Bidders are advised that they must comply with the President's Executive Order 11246 and 11575, and supplemental Department of Labor regulations (41 CFR 101-11.60035). However, neither the United States or any of its departments, agencies, or employees is, or will be, a party to this invitation for bids or any resulting contract.

Bidders are advised that they must comply with all applicable standards, orders, regulations and decrees issued pursuant to the Clean Air Act of 1970 (42 U.S.C. 1857 et. seq.), as amended.

Bidders are advised that they must comply with the Davis-Bacon Act (40 U.S.C. 276a-7) and supplemental Department of Labor regulations (29 CFR Part 3). This act states in part that the wage rates paid for labor on this project shall not be less than the minimum prevailing area wage rates as determined by the U.S. Department of Labor and contained in the Contract Documents.

Before award of the Contract, any bidder who is required to furnish evidence satisfactory to the City or to the Engineer that he possesses the financial and pecuniary resources necessary to fulfill the conditions of the Contract.

The City of South Bay reserves the right to hold the bid without action for a period of 90 days from the date of opening. The City further reserves the right to reject any or all bids or to accept any bid and to award the Contract in the best interest of the City.

### NOTICE UNDER FICTITIOUS NAME LAW

Public notice is hereby given that the undersigned person, who is the Clerk of the Circuit Court of Palm Beach County, Florida, in compliance with Section 865.05, Florida Statutes, the fictitious trade name of MIA CHERE FASHIONS at number 425 SE 2nd Street, Belle Glade, Florida.

VIRGINIA ANDERSON  
Belle Glade, Florida

BGH 77-45  
March 17, 24, 1977

The recipe of this week has been furnished by Mrs. Patricia S. Meier of Belle Glade. She is employed by the State of Florida, Department of Commerce. She recommends the recipe as her favorite and very easy to make.

### SWISS ALPINE PIE

- 1 10-inch pastry shell, unbaked
- 1 package frozen broccoli, cooked
- 2 cups [1 1/2 lb.] precooked ham cubes
- 3 Tbsp. chopped onion
- 2 cups shredded Swiss cheese
- 1 1/2 cups milk, scalded
- 3 eggs, slightly beaten
- 1/2 tsp. salt
- Dash of pepper

Drain and chop broccoli. Layer half of broccoli, ham and cheese in pastry shell. Repeat with second half, sprinkle onion over top. Set aside. Gradually stir milk into eggs, add seasonings. Pour into pastry shell. Bake 10 minutes at 400° reduce heat to 325°; continue to bake additional 35 minutes. Remove from oven let stand a few minutes before serving. Note: Preheat oven 450°, and use a 10 inch pie plate.

## Glades contributes \$100,000 to Scouting

BELLE GLADE—Friends of scouting in the Glades accounted for more than their share in a special fund-raising drive to build a new camp for Gulfstream Council scouts, Belle Glade Rotary Club members learned Tuesday.

Glades District Executive Tommy Fletcher told the Rotarians the drive reached 90 percent of the goal and a quarter of that was supplied from the Glades, whose residents and businesses contributed more than \$100,000.

Fletcher said a number of the people instrumental in gathering those donations were sitting in the Rotary meeting he was addressing, including the chairman for the Glades District drive Charles Trammell, Roy Burch, Bobby Hooker, Robert Matthews, Rupert Mock, Jr., and others.

He told the Rotarians he had been particularly impressed when

he asked Mrs. Ruth Wedgworth if the council could make a building she had been responsible for raising funds for the Wedgworth Building.

"She told me, 'Under no circumstances,' he said. Fletcher, who is executive for the entire Lake Okechobee area and the Martin County area, stressed the fact that was a special fund raising campaign.

In other scouting news for the area, he said a new troop has recently been formed at the Belle Glade Church of the Latter Day Saints and an explorer troop is being formed at the Clewiston Police Department.

## AA "A" honor roll announced

### Obituaries

#### MARIA LONGORIA

Funeral services for Maria Longoria, 21, of 96 Osceola Center in Belle Glade, who died Feb. 21 in a train-car accident at the Florida East Coast Railway crossing of SR 717, took place last week in Matamoros, Mexico.

Mrs. Longoria moved to this area two years ago from Mexico. Survivors include her husband, Jose and one son, Juan Luis, both of Belle Glade.

Mizson Funeral Home was in charge of local arrangements.

#### CECILIA GABALDON

Funeral services for Cecilia Gabaldon, age 61, of 179 Barfield Highway, Pahokee died at her home February 23. A native of Berlin, New Mexico and a resident of Pahokee for 32 years, she was a member of St. Mary's Catholic church and Altar Society and clerk for the Seven-Eleven Stores.

Survivors include two sons, Val Gabaldon of Lake Worth and Adrian Gabaldon of Auburndale, daughter, Mrs. Marie Langston of Palm Beach; brother, Arnold Chavez of New Mexico and sister Mrs. Presia Vance of New Mexico.

A Rosary Service was held Friday at 8 p.m. at the Wetherington Funeral Home Chapel and the Funeral Mass was held Saturday at 9 a.m. at St. Mary's Catholic Church with Father Charles Clements officiating.

Pallbearers were Wayne Whitaker, Jack Pepper, Jimmy Miller, Charles Modocci, Dale Reppa and Carmen Salvatore III. Interment was at Port Mayaca Cemetery. Wetherington Funeral Home, Pahokee was in charge of arrangements.

BELLE GLADE—The names of eight all-A students who earned a spot on the honor roll at Glades Central High School last term were released by Principal Effie Grear Tuesday, along with 141 "B" students who were on the honorable mention roll.

Dr. Grear said the all-A students were Wanda Good, Vivienne Rainbow and Marjorie Singleterry from the ninth grade; Terry Lawson, Julie Pate and Clyde Trammel from the tenth grade and seniors Paula Lockett and Cassandra Swain.

## Baby contest is held by church

PAHOKEE—A baby contest was held at the St. James A.M.E. Church on Sunday, February 27 with Mrs. Elsie L. Thomas, acting as sponsor and Mistress of Ceremonies. The Speaker for the day was St. James A.M.E. Church's very own Mrs. Margaret S. Edwards, who spoke on the theme, "God's Little People. Our Children." Sincere thanks goes out to everyone that performed and participated so beautifully to make this program a success.

## "Eternal vigilance is the Price of Liberty"

★★ Wendell Phillips 852 ★★

TEMPER! TEMPER! TEMPER!

Children often resolve their differences with a show of temper. Upon reaching maturity, however, they have usually learned there are other means of settling disagreements. Disunion occurs in most of our lives on an annoyingly regular basis. We must learn to deal with it whether on a small or large scale. One of the great advantages of being an American is our right to disagree—with the opinions of others, local issues or national policies. We also have a responsibility, however, to disagree in a mature and orderly manner. An excellent and time-proven method available to us is to speak out through our elected representatives by exercising careful judgment before casting our vote.

Let's reserve the shows of temper for children. As mature, free-thinking citizens, we can resolve our differences within the system we have created and help to build a STRONG AMERICA.

Our day in the United States, is an example of the freedom of expression. For the sake of the Declaration of Independence, we must learn to deal with it whether on a small or large scale. One of the great advantages of being an American is our right to disagree—with the opinions of others, local issues or national policies. We also have a responsibility, however, to disagree in a mature and orderly manner. An excellent and time-proven method available to us is to speak out through our elected representatives by exercising careful judgment before casting our vote.

Dallas, Texas 75201

State or National Bank in Florida, made payable to the City of South Bay, in the amount of 100% of price bid as guaranteed to the City that the successful bidder will enter into a written contract with the City to perform the contract within 7 days after the award of the contract. The deposit will be retained by the City as liquidated damages in the event that the successful bidder fails to enter into a contract and furnish performance and payment bond as required within 7 days after the award of a portion of the work to him.

The successful bidder shall furnish and pay for a Performance Bond and a Payment Bond each in the amount of 100% of the total bid price, said bonds being executed on the form provided in the Contract Documents. A maintenance bond guaranteeing repair of all damage due to improper materials or workmanship for a period of one year after completion of the work by City will also be required.

This project is to be funded by the United States Department of Housing and Urban Development and shall be referred to as Project No. 04-51-00035. However, neither the United States or any of its departments, agencies, or employees is, or will be, a party to this invitation for bids or any resulting contract. Bidders are advised that they must comply with the President's Executive Order 11246 and 11575, and supplemental Department of Labor regulations (41 CFR 101-11.60035). However, neither the United States or any of its departments, agencies, or employees is, or will be, a party to this invitation for bids or any resulting contract.

Bidders are advised that they must comply with the Davis-Bacon Act (40 U.S.C. 276a-7) and supplemental Department of Labor regulations (29 CFR Part 3). This act states in part that the wage rates paid for labor on this project shall not be less than the minimum prevailing area wage rates as determined by the U.S. Department of Labor and contained in the Contract Documents.

Before award of the Contract, any bidder who is required to furnish evidence satisfactory to the City or to the Engineer that he possesses the financial and pecuniary resources necessary to fulfill the conditions of the Contract.

The City of South Bay reserves the right to hold the bid without action for a period of 90 days from the date of opening. The City further reserves the right to reject any or all bids or to accept any bid and to award the Contract in the best interest of the City.

## Gospel Puppets are highlight of crusade

**BELLE GLADE**—The Gospel Puppets of Mr. and Mrs. Wilbur Thrush of Tampa are having a "Kids Crusade" at the Belle Glade Church of God at 301 S.E. Ave. E. this week, beginning each evening

at 7:30 and winding up with a Sunday service at 7 p.m. The crusade will feature the ministries of Wilbur and Grace Thrush. They make use of audio and visual teaching aids of their own creations.

Included will be Willie, an unruly worm, a glass see-through heart, 64 bells, bells, cow bells and Swiss bells, strange musical instruments, a Bible spontaneously bursting into flames, special lights, magic, prizes, sweet treats, a treasure chest, crowning of a king and queen, ventriloquism and visualized stories and scriptures.

The Rev. Roy C. Miller, pastor of the Church of God, invites the public to attend. For bus transportation, call David Day at 996-5185 or the pastor at 996-2382.

## Chamber directors to meet

**PAHOKEE**—The Pahokee Chamber of Commerce Board of Directors will hold their regular monthly meeting at the Chamber of Commerce Office on March 7 beginning at 7:00 p.m. with Mr. A. Nagler, President, presiding.

## Classes for the blind will be discussion topic

The Rehabilitation teacher of Lions Industries for the Blind will lead off the program on March 9th, Community Services Council meeting, Glades Office Building, 12:30 p.m.

Miss Karen Barvinski is employed in this capacity, and will speak of upcoming classes for the blind in the Glades area. Co-working on the meeting presentation will be Mrs. Beverly Harrington, Extension Home Economics Agent. Her subject will be "Food and Health - The

Battle of the Bulge".

Invitations are extended to all persons who are interested as individuals or as a part of the employment and community information connected with their positions.

For additional information, please contact Mrs. Gene R. Cross, 996-5547, chairman.

## Miss Nagler earns 4.0 at USF

**PAHOKEE**—Miss Alys Nagler, daughter of Mr. and Mrs. Arthur Nagler of 397 N. Juniper in Pahokee, earned a perfect 4.0 average at the University of South Florida for the fall term.

Over 1500 students at U.S.F. made the fall honor roll with 526 of those students earning a 4.0 for all classes taken.

## Church sets yard sale

**PAHOKEE**—The Church of God of Prophecy, 2500 E. Main St. in Pahokee, is having a church yard sale this Saturday, March 5, from 9:00 a.m. until 4:00 p.m. On sale will be household items, clothing and miscellaneous items. Everyone is invited to come and shop.

Miss Norwood

## Historical Society to meet March 3

The Glades Historical Society will hold its regular meeting Thursday, March 3, at 8 p.m. at the Lawrence E. Will Museum in Belle Glade. Following a short business meeting Mrs. Leslie Strickland, recording secretary of the Society, will give a demonstration on obtaining "oral history" by means of tape recording. Any persons interested in membership in the Society are cordially invited to attend.

## Art show is scheduled

**BELLE GLADE**—The students of Ann Tyler will open a two-week show this Sunday afternoon, March 6th, between the hours of 2-4 p.m. The showing will take place at the Belle Glade Municipal Library.

There will be approximately 50 paintings with a variety of different styles and types of painting.

The public is invited to view the opening Sunday afternoon with many of the artists attending. Refreshments will be served.

## Norwood-Alston tell of wedding plans

**BELLE GLADE**—Mr. and Mrs. Jimmie K. Norwood of Keystone Heights, Fla., announce the engagement of their daughter, Donna Lynn, to Raymond Eugene Alston, Jr., son of Mr. and Mrs. Raymond Alston, Sr. of Belle Glade.

Miss Norwood is currently a

senior at Keystone Heights High and she is employed by Cook's Pantry. Mr. Alston is a graduate of Glades Central High, attended Palm Beach Jr. College and is presently employed by A. Duda and Sons of Belle Glade. The wedding date has been set for June 25.

## Local Xi Zeta Mu hears program on belly dancing

**BELLE GLADE**—The February meeting of Xi Zeta Mu chapter was held Monday, February 28th, at the home of Mrs. J.D. Lee, III. Mrs. Gordon Corbin was co-hostess for the meeting. Guest speaker was Mrs. Ron Cameron, owner of the Health Nut Hut Health Spa, who presented a most interesting program entitled, "So You Want to Learn Belly Dancing." As a service project for the year, the group will be donating \$100

toward the Special Olympics Program of which a major portion will go to the Special Education Program at Gove Elementary School.

Members attending were: Mrs. Wayne Bair; Mrs. James Chamblie; Mrs. Gordon Corbin; Mrs. Gene Enfinger; Mrs. J.D. Lee, III; Mrs. O.E. Shackelford; Mrs. Tom Swager; Mrs. D.E. Walis, and Mrs. Bert Ward.

## Beta Sigma Phi celebrates

**BELLE GLADE**—Members of Xi Zeta Mu chapter of Beta Sigma Phi celebrated their 12th anniversary of being a chapter with a luncheon at the Breakers Hotel in Palm Beach Saturday, February 26th. Mrs. J.D. Lee, III, Mrs. Gloria Swager, Mrs. Gene Enfinger and Mrs. James Chamblie attended the luncheon. Mrs. Chamblie is a charter member of the group.
